WASHINGTON, September 15, 1868.

THE CONGRESSIONAL SESSION.

Senator Morgan and Representative Schenck had a conference this evening, and the result of it is as follows:

Washington, D. C., Sept. 15.—The President of the Senate and Speaker of the House of Representatives were by resolution of Congress directed to adjourn their respective Houses until the third Monday of September, 1868, and on that day, unless then otherwise ordered by the two Houses, they were directed to further adjourn their respective Houses until the first Monday of December. In accordance with the request of the Republican members of the Fortieth Congress, the undersigned decide and respectfully recommend that there be a full attendance of both Houses of Congress on Monday, the 21st day of September, inst., promptly at 12 o'clock noon. It is not expected that general Legislative business will be entered into at that time, or that the session need be longer than necessary to provide for another adjournment. It is important that there should be such general attendance of the members as will secure a quorum in each House. [Signed.]

E. D. MORGAN,
Chairman Union Republican Committee.
ROBERT C. SCHENCK,
Chairman Republican Congressional Committee.

In the course of the conversation of these gentlemen they, as have other members, expressed themselves in favor of further adjournment until the 21st of October. They did not, however, think proper to so recommend, believing that this is a subject to be determined by Congress itself.

Senator Morgan left for New York to-night, but will return by Monday. General Schenck will remain here three or four days after Monday next to attend to business connected with the Union Republican Congressional Committee. Senator Wade and Speaker Colfax will arrive here Friday or Saturday.

PERUVIAN MINISTER.

Senor Garcia, Peruvian Minister, had an interview with the President to-day and presented the letter of Senor Batta, newly elected President of Peru, announcing his accession. He spoke of the intimate friendly relations existing between the two nations and the mutual benefits to be derived therefrom, and the desire of Senor Batta to continue such relations, and his reliance upon the moral aid of this Government in regulating the practical operations of free governments and firmly establishing Republican institutions in the New World. The President in reply expressed satisfaction at the confirmation and sanction of Senor Garcia's mission to this country. He referred appropriately to the great calamity which had visited Peru, and expressed the universal sympathy with the sufferings caused by the recent earthquake.

ROLL OF HONOR NO. 15.

Quartermaster General Meigs has just issued Roll of Honor No. 15, containing the names of soldiers who died in defense of the American Union and were interred in national cemetries at Antietam, Md., Arlington, Culpepper Court House, Cold Harbor, Winchester, Staunton and various scattered localities in Virginia. It contains the record of about 18,300 deceased soldiers.

FOWLER ON AFFAIRS IN TENNESSEE.

Mr. Fowler says that the reports from the South of the fearful prevalence of crime are greatly exaggerated, and are made so no doubt for political effect. He thinks there is no real danger of an outbreak in Tennessee.

THE MAINE ELECTION.

The President expresses surprise at the large Republican majority in Maine after such a thorough canvass. He thinks there must have been frauds practised. Of course he does.

The only talk here is in regard to the Maine election. The Republicans are exultant while the Democrats appear depressed, though the latter profess to figure up some comfort from the returns. The result, coupled with Johnson's action in Tennessee and Louisiana matters, strengthens the sentiment against the September session.

RETRENCHING CUSTOMS EXPENSES.

The work of retrenching expenses of collecting customs in accordance with the action of Congress cutting down the appropriation for that service is still in progress. At Dunkirk and Rochester reductions of twenty-five and thirty per cent. respectively have just been made out. A similar system will be pursued along the whole Northern frontier. The reductions will be complete in a couple of months.

DEPARTMENT OF LOUISIANA.

The President directs General Rousseau, Commanding the Department of Louisiana, to be assigned to duty according to his brevet rank of Major General. This takes effect when General Rousseau assumes command. The late order assigning Col. Buchanan to duty according to his brevet rank of Major General is revoked, and he is assigned according to his brevet rank of Brigadier General, in order that he may command the district of Louisiana under General Rousseau.

BINCKLEY'S RESIGNATION.

Secretary McCulloch has not yet concluded to accept Mr. Binckley's resignation. He wants to see the reports of Binckley's operations in New York first.

SUPERVISOR APPOINTED.

Capt. John M. Tobins, late of the Ninth Massachusetts regiment, has been appointed store-keeper of the Fourth District, Massachusetts, by the Secretary of the Treasury.

THE PRESIDENT'S FAMILY.

Mr. Johnson's family will return from Tennessee this week.

ST. LOUIS, Sept. 15.—A Fort Dodge letter to the Leavenworth *Conservative* states that General Sulley, with the Seventh Cavalry, crossed the Arkansas river on the 7th. The General is guarded by a hundred men of the Third Infantry.

NEW YORK CITY.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, September 15, 1868.

An iron steamer called the Dumbarton, which has been fitting out at the various piers in this city and Brooklyn, sailed under very mysterious circumstances from this port about six weeks ago. Information in the hands of the United States Marshal Murray has led him to believe that her object is to take a cargo of slaves from the coast of Africa to Cuba or Brazil. There was no evidence tangible enough to authorize a seizure while she was in the port, but later information has confirmed the Marshal in this belief since she sailed. It is thought that she will stop at one of the small Nova Scotia ports to take in additional supplies. Another vessel is fitting out here at present, intended, it is supposed, for the same purpose.

Wm. J. Rae, a commission merchant, at No. 30 Broad street, and Wm. M. Martin, a lawyer, at No. 76 Nassau street, were arrested yesterday on a charge of forging and passing a promissory note for $2,985, on Samuel R. Jacobs, a note broker, in New street. Mr. Jacobs testified to the facts, and Mr. Lansing, of the American Exchange National Bank, testified to paying Martin money on a check of Mr. Jacobs in the presence and on the voucher of Rae, with whom he is well acquainted. The case was here postponed, and Rae and Martin were committed.

The total number of deaths in Brooklyn during the past week was two hundred and eighty-one, a decrease of twelve from the number reported the previous week. Of the dead thirty were men, sixty-five were women, one hundred and twenty-six were boys and ninety were girls.

The air is still cool and pleasant, and lots of folks are returning from the various watering places.

The news from Maine elates the Republicans beyond measure. A salute of two hundred guns was fired last night, and the jollification is kept up to-day. The latest report from Maine is that in ninety towns the Republican gain is nearly six thousand, and it is pretty certain the Republican majority will reach 25,000.

The suit of H. Dawson for $50,000 damages for libelous articles printed in a newspaper by John Joy, was before the Court to-day on a motion to compel the latter to produce certain letters of the late Chief Justice Joy, by which Dawson desires to prove that the Chief Justice was never a hearty supporter of the Constitution, although he signed it. Decision reserved.

The three days festivities of the New York Schutzenfest Corps commenced at Jones' Woods to-day. Delegates are present from various cities.

Nine hundred dollars worth of hardware and cutlery were burglarized from Lineschloe's factory in Chambers street lest night.

In the case of Beverly Clark, charged with being engaged with ten others in a conspiracy to defraud the Government in the Postoffice Department, Commissioner Osborne held to-day that the overt act, though committed by another one of the conspirators in Detroit, Mich., bound all of them to the crime, making them liable to trial, and he accordingly ordered Clark to be committed for trial in the Eastern District of Michigan in default of five thousand dollars bail.

The loss by the burning of the Print Works of the Gloucester Manufacturing Company is over half a million of dollars. Insured mainly in Eastern companies. The main building destroyed contained a print press and about forty thousand pieees of finished and unfinished goods. The works were running to their full capacity, producing about twelve thousand pieces of goods a week. The establishment was the third largest in the country engaged in making madder prints, employing over three hundred hands.

Whalen Convicted of the Assassination of McGee—He Makes a Speech Denying His Guilt—He is Sentenced to Death.

[By Telegraph to the Pittsburgh Gazette.]

OTTAWA, September 15.—A large crowd was outside the Court room this morning, but very few were admitted. The prisoner on being brought in looked pale and nervous. The jury having been called, and answering to their names, they were asked the usual question, when the foreman replied they had found a verdict of guilty. The prisoner, who heard the announcement with great composure, then made a long address to the Court, in which he very emphatically and solemnly asserted his entire innocence of the crime. He denied having any connection with Fenianism, declared he had been condemned because he was a Roman Catholic, and that evidence had been deliberately concocted to convict him. He was going on to speak of the cruel treatment of Irishmen by England, when he was interrupted by the Chief Justice, who pointed out to him that whatever might be the case elsewhere, in this country Irishmen and all other classes were treated alike before the law, and he had no reasonable grounds for complaint. After solemnly cautioning the prisoner against entertaining any hopes of pardon, and imploring him to prepare for the future, his lordship sentenced him to be executed on Thursday, the 10th of December next, between 10 A. M. and 4 P. M. The prisoner was then removed. Intense excitement prevails in the city.

THE MAINE ELECTION.

COLORADO.
NEW MEXICO,
MAINE!
VERMONT

Four-fifths of the State Give 18,498 Majority.

AGAINST 9,484 LAST YEAR.

Majority Not Less Than 20,000.

[By Telegraph to the Pittsburgh Gazette.]

AUGUSTA, ME., Sept. 15.—Returns from two hundred and ninety-eight towns, embracing more than four-fifths of the entire vote of the State, give Chamberlain 63,148 and Pillsbury 44,650. The same towns last year gave Chamberlain 46,907 and Pillsbury 37,423. The Republican majority this year 18,498, last year 9,484. The towns yet to be heard from gave last year Chamberlain 11,184 and Pillsbury 8,204. Should the same ratio of relative increase be obtained in these, with those already reported, their vote would be Chamberlain 14,912 and Pillsbury 10,254, which would gave a total vote of 132,960, of which Chamberlain would have 78,160 and Pillsbury 54,800, giving Chamberlain a majority of 21,360. It is not believed, however, that the towns to be heard from will maintain the rates of increase exhibited in those that are reported. Judge Rice and other leading Democrats here claim 55,000 votes for Pillsbury, but concede the same relative increase to Chamberlain.

Mr. Blaine, Chairman of the Republican State Committee, has only claimed 20,000 majority, asserting that Chamberlain's vote would go as far above 70,000 as Pillsbury's would exceed 50,000. Mr. Blaine's canvass of the State was most thorough and his figures have thus far proven very accurate and reliable.

We have elected every Senator and seven-eighths of the House of Representatives, and have rolled up a popular majority for Gov. Chamberlain of 20,000.

Meeting at the Copper Works.

The Republicans of the Fourteenth ward held a large and interesting meeting at the copper works last evening. The meeting was one of the largest that has been held in that ward during the campaign, and was composed principally of the workingmen from the mills in that vicinity.

The meeting was organized by the election of the following officers:

President—Thomas J. Craig.

Vice Presidents—D. C. Mead, Henry Lloyd, John Gray, Henry Johns, W. S. Bullock, Henry Ruse, Sr. Wm. B. Evans, Wm. B. Smith, J. J. Martin, John W. Morgan, Gottleib Gerner, John Schwanter, John Fleming, Samuel Martin, A. G. Cubbage, John E. Jones, C. L. Magee.

Secretaries—H. Johns, Jr., and reporters of the press.

Upon taking the chair, the President thanked the meeting for the honor conferred upon him, after which he introduced J. M. Kirkpatrick, Esq., who entertained the meeting with an eloquent and able address.

At the conclusion of Mr. Kirkpatrick's remarks, a brass band, which had been employed for the occasion, played a national air.

Thomas M. Marshall, Esq., being present was then called for, and delivered an excellent address.

The meeting then adjourned.

Two Hundred Guns in Honor of Maine.

The Second ward Grant Club, with their usual promptness and spirit, last night fired two hundred guns in honor of the great victory achieved in Maine. The Club, including its artillery branch, turned out nearly one hundred strong, and preceded by Ludwig's brass band and the magnificent field piece belonging to the organization drawn by four horses, made a display highly creditable. The Club serenaded Messrs. William Woods, Col. Wm. Phillips and John Wilson, after which they proceeded to the Monongahela wharf where they fired off, at the rate of two a minute, two hundred guns. After the firing which was heard in all parts of the city, the Club was addressed at some length by T. Ewing, Esq.

The firing of the gun was so scientifically conducted as to win the plaudits of all in attendance. The sergeant in charge of the gun was Capt. John Floyd, with T. W. Davis as gunner, and the following squad: W. F. Hood, George B. Gray, C. S. Martin, H. A. Collier and S. T. Paisley.

Parade of the Tanners' Club.

The Central Tanners' Company, numbering some two hundred men, and preceded by an excellent brass band, paraded last night in honor of the Maine victory. They were under the command of Col. Joseph Browne, and with their handsome uniforms and gleaming torches presented a splendid appearance. This club is composed of many of our leading young men, who possess all the activity and spirit necessary to render the organization a powerful and dignified auxiliary to the Republican party in the present exciting campaign. We acknowledge the compliment paid the GAZETTE last evening in the counter-march and cheers before our building. The Tanners are arranging to turn out a full regiment on the 23d and 24th.

The Grant Hussars

Held a meeting last night in City Hall to complete arrangements for the parade of the First Battalion to night. There was a full attendance, and all the reports from the various committees were highly satisfactory, and a large turnout of mounted men may be anticipated to-night. The "Draymen's Guild" signified their intention of joining the Hussars organization. To-night the Pittsburgh companies and those of Birmingham will form at the foot of Wood street, right resting on Water street, and will proceed to North Common, Allegheny, where the regiment will be formed in line. For other information see advertisements. We trust there will be a full turn out.

Eleventh Ward Grant Club.

The Grant Club of the Eleventh ward held a meeting at the School House in that ward last evening. At an early hour in the evening the School House was filled by the voters of the ward, and at half-past seven o'clock the meeting was called to order by the Vice President, Mr. James Robb, B. F. Kennedy, Esq., officiating as Secretary.

The minutes of the preceding meeting were read and adopted.

The reports of the block committees were then called for and submitted.

The President stated that if there was no other business to be transacted, the meeting would be addressed by gentlemen who had been invited to come there for that purpose.

John S. Lambie, Esq., was then introduced and delivered an able and eloquent address.

Mr. Lambie held that the same issues were introduced in the present contest that had agitated the country since the beginning of the slaveholders' rebellion; that the fight had only been shifted from the bayonet to the ballot box. They had been signally defeated by the former, and if not now defeated, all that the North had expended in blood and treasure to preserve the nation will have been spent in vain.

In support of his position he referred his hearers to the present leaders of the Democracy, every one of whom had either been engaged in the rebellion or had sympathized with it.

The constitutional amendment was then taken up and ably discussed, after which he reviewed the financial policy of the Government, and showed by figures that, nowithstanding the croaking of the Democrats, the National Debt has been reduced over two hundred millions of dollars since the close of the war.

Mr. Lambie is a pleasant as well as able speaker, and his remarks were listened to with great interest by his hearers.

The Mechanics Glee Club, of Brownstown, which arrived while Mr. L. was speaking, at the close of his remarks were called upon for a song and responded by singing in a most excellent manner a campaign song entitled "Ulysses is the Man." The audience were so well pleased that the Club was compelled to sing a second time.

J. H. Kerr, Esq., was then introduced to the meeting and entertained it for over an hour in an eloquent address. Mr. Kerr is a finished scholar, and a profound thinker for one of his age, and evinces a knowledge of the public affairs of our government that many older heads do not possess. We regret that a want of space prevents us from publishing his remarks at length.

After another song from the Glee Club the meeting adjourned.

The Carters, Draymen and Wagoners.

Pursuant to published call a meeting of the carters, draymen and wagoners was held at the headquarters of the Fourth Ward Grant Club, corner Penn and Sixth (formerly St. Clair) streets. The meeting was quite large and consisted of representatives from Pittsburgh, Allegheny and the South side boroughs.

The meeting was organized by calling John W. Haney to the Chair and appointing William Best Secretary.

Mr. Haney on taking the Chair stated the object of the meeting was to ascertain if the draymen, carters and wagoners would turn out at the Grand Mass Convention to be held in this city on the 24th inst.

On motion of James S. Fleming, it was resolved that they would all turn out.

The meeting then went into an election for permanent officers, with the following result:

President—John W. Haney.

Vice-President—Chas Devellen.

Secretary—William Best.

Treasurer—John Wallace.

The Chair then appointed the following Finance Committee: John Gray, James S. Fleming, John McMinn, W. A. Kiskaden, John Wallace, Chas. Devellen, M. Munn, Robert Campbell, Alex. Moloy and Joseph Blakely.

The following gentlemen were appointed a Committee of Arrangements: Joseph Hastings, W. A. Kiskaden, Alex. McKee, Jno. McMinn and Charles Devellen,

On motion it was resolved that the organization adopt for all parades a blue sash and citizens dress.

Mr. John Gray was then elected Chief Marshal of the organization.

An invitation from the Grant Hussars was read, asking the organization to join them in the procession, so as to have the mounted men all together. The invitation was accepted.

On motion, a vote of thanks was tendered the Fourth Ward Grant Club for the use of their Hall.

Adjourned, to meet at City Hall Saturday evening at 7½ o'clock.

CAMPAIGN SONG,

AS SUNG BY THE ALLEGHENY GLEE CLUB.

TUNE—"*Marching through Georgia*,"

I.

Turn out, ye honest freemen, to the polls now make your way,
And early cast your ballots in on each election day,
Our candidates are worthy all the honors we can pay,
The people's choice, Grant and Colfax.

CHORUS.

Hurrah, hurrah! now rally in your might;
Hurrah, hurrah! vote to uphold the right;
For the Reconstruction laws we'll work and vote and fight
With our noble leaders, Grant and Colfax.

II.

The Southern rebel leaders and their Copperhead colleagues,
With energy are using all their lies and base intrigues,
To plunge the South in strife and war, come let us foil their schemes,
By placing over them U. S. Grant and Colfax.

CHORUS.

Hurrah, hurrah! now rally in your might,
Hurrah, hurrah! vote to protect the right;
For the Reconstruction laws we'll work and vote and fight,
By placing o'er them U. S. Grant and Colfax.

III.

The Rebels choice, Seymour and Blair, foul treason meditates,
To overthrow the government of reconstructed States;
But we will foil the paroled rebs and other vile ingrates,
By placing o'er them U. S. Grant and Colfax.
CHORUS—Hurrah, hurrah, &c.

IV.

Our candidates will peace evoke and justice on each hand,
And will obey the high behests the people may command,
And foster all the interests the country will demand,
The noble patriots, U. S. Grant and Colfax.
CHORUS—Hurrah, hurrah, &c.

EPHEMERIS.

—Roman bakers have struck.

—Gov. Crapo, of Michigan, is seriously ill.

—There are 30,000 billiard tables in use in Paris.

—Some of the New Jersey mosquitos are speckled.

—Board can be had in North Carolina at $3,50 per week.

—The Florences Mr. and Mrs. have come back to America.

—Capt. Bob Lincoln is to be married very shortly in Washington.

—Young Dr. Tyng has become an inveterate street preacher.

—The price of admission to the Salt Lake Theatre is just a half bushel of potatoes.

—Six newspapers are published at Honolulu, three in English and three in Hawaiian.

—There are said to be upwards of one million persons out of employment in Great Britain.

—Jay Cooke is said to have a party of twenty clergymen visiting at his place on Lake Erie.

—The Y. M. C. A. of New York are going to undertake the duty of befriending emigrants.

—Miss Blanche De Bar is supporting Booth during his present engagement at Cincinnati.

—The proposed bridge across the Delaware river from Camden to Philadelphia is to cost $2,000,000.

—Velveteen suits are said to be the most stylish and the most comfortable street suits for ladies this year.

—Madame Hugo has the second volume of the life of her husband, Victor Hugo, ready for the press.

—One of the most celebrated teachers of singing in Philadelphia is Professor Thunder, a well named basso.

—Gerritt Smith says the coming Presidential election is one where men will vote for life or death for the nation.

—Gagnio is the name of the leader of the Italian banditti. He is the terror of all, especially police and soldiers.

—Pittsburgh glories in five theatres says the Boston *Post*. So that those people who take in that paper need not go from home to hear the news.

—Indiana has discovered a ravenous flying cat within her borders, while Mrs. Jones has discovered a ravenons appetite within her boarders.

—Lydia Becker holds about the same position in the Women's Rights party in England as Anna Dickenson or Mrs. Stanton holds in this country.

—The new Freshman Class of the University of Pennsylvania is the largest ever known in the history of that institution, consisting of 70 students.

—Monday was a beautiful day, and the air was like swan's down, that is, if the air on Saturday was, as one of our exchanges says, like a cotton card turned over.

—Galignanni's *Messenger*, in spite of its age and reputation, has only 3,000 subscribers, and in spite of its heavy list of advertisers barely succeeds in keeping afloat.

—A railroad bridge which was being constructed across the Chattahoochee river in Georgia, was destroyed by a sudden freshet recently and 40 workmen killed or injured.

—Boston has a young lady who is worth $500,000, but travels with thirteen trunks, two band-boxes and a poodle. No one has as yet been found brave enough to take charge of the whole lot.

—Lotta is petted in New York after this manner—"She is a born and well nurtured witch." "Miss Lotta is a most charming little monstrosity." And she is called, "the audacious little wretch."

—In Carlisle, England, the Parish Board of Burial refused to allow a girl to put the words "not lost but gone before" on her father's tombstone, because he was an actor and clerk of a race course.

—The Cincinnati *Commercial* hardly praises Miss Nellie Germon, who has been acting there for a week, when it says "the theatrical season will virtually open with Mr. Edwin Booth on Monday."

—It is said New York society is to have several acquisitions next winter. Some English belles will make their *debut*, a couple of barons, a marquis, and a three hundred thousand heiress from Minnesota.

—General Sam Cary, the (so-called) workingmen's candidate for Congress in Cincinnati, says he eats his bread in the sweat of his brow. This may be nice to talk about but we don't like the flavor of it.

—Sir Roderick Murchison, Sir John Herschel and Sir Henry James are a board of trustees for a fund to survey the peninsula of Mount Sinai to determine the line of march of the Jews, and the true mountain of the law.

—A pater-familias on a two wheeled velocipede can not only enjoy to the utmost the pleasure of the rapid, pleasant and easy exercise, but he can also attach by a string a perambulator thereto, and take his ride while hauling baby.

—The London correspondent of the New York Times is very toryish is his sympathies just now, but we do not believe that all his eloquence can get the American people to side with the Disraeli party against Gladstone, Bright, Hughes, Mills etc.

—Disraeli, the English premier, invited H. E. Reverdy Johnson to visit him at his country seat of Hughenden Manor. Among the guests invited to meet Mr. Johnson were Lord and Lady Napier, of Magdala, the Lord Chancellor and Lady Cairns, Mr. Alfred de Rothschild and quite a number of prominent peers and peeresses.

—Prince Paul of Thurn and Taxis, who resigned his title in order to marry an actress, has made his debut as Prince Paul in the *Grande Duchesse de Gerolstein* at a German theatre in Paris. His imperial, royal, princely and noble relatives are in despair at this backslider's doings. He is probably the first member of any royal family who ever voluntarily abandoned his titles and adopted the thespian profession.

—On the occasion of the rejoicings in Paris on the *fete* day of Napoleon, August 15th, an Englishman was desirous of hiring an apartment commanding a full view of the fire-works. After a great deal of trouble he found one in the evening, and throwing himself into the arm chair, opened the window, and told his servant to retire. Being tired he feel asleep, and awoke at midnight to find it raining and dark. His two hours' slumber cost him $90.

—An anecdote is told of a German student in theology, who, after waiting a long time for admission, appeared before the examiner "bearded like a pard." The learned examiner fell back astonished, exclaiming: "A student in theology with a beard!" "A beard!" cried the student, with an air of equal astonishment, and putting his hand up to his face, "bless me, why it must have grown while I have been waiting in the ante-room!"

—A riot occurred at a peach preserving establishment in Cincinnati last week. A crowd of men and boys attempted to come in and help themselves to peaches but were resisted by the male employés, about thirty in number, armed with peeling knives and hot soldering irons, who succeeded in driving off the thievish mob, but not before some 400 girls employed in the establishment had become frightened and run away, leaving a large amount of half done peaches to spoil before they returned.

—The Passumpsic river is spoken of as a "liquid corkscrew" It is a most crooked stream of water, and is fully entitled to the name given it. The stream is not a large one, but it furnishes motive power for innumerable mills and manufactories, and is therefore regarded with kindly feelings by the inhabitants. The railway is obliged to cross it about thirty times in the space of twenty-five miles, and in one section of seven miles there are eleven bridges, averaging thirty-five feet in length.

—The highest thirty-two officers of the British government receive altogether £107,460. The highest salary paid is that Lord Lieutenant of Ireland and is $100,000 or £20,000. The Lord Chancellor receives ten thousand pounds. The salary of the Premier is only £5,000, or just what our President gets. The lowest salaries paid in this lot are those of the five junior Lords of the admiralty who each receive £1,000 a year, while the nine under Secretaries each have £1,500 a year, on which, with what little private income they have, they manage to exist.

—Two men were stabbed, and one of them mortally wounded, because they chose to hurrah for Grant while a Grant procession was passing by them in Newport, Ky., on Saturday night. Two men who did the stabbing were arrested and committed by the Mayor, but on the next day (Sunday) Judge Berry, of the County Court, had them taken out of the gaol on a writ of habeas corpus, held a private court in a lawyer's office, without notifying the Mayor, and as no one appeared against the prisoners, they were released, and immediately left the State. Thus Ohio has gained and Kentucky has transferred two staunch Democratic voters.

The Earthquakes in South America.

It seems not unlikely that the terrible disaster on the western coast of South America, will prove, when full reports of the loss are received, a calamity not inferior in historical importance to the great convulsion at Lisbon, or the famous plague of London, or any other of the most signal misfortunes which have visited the world in modern times. At Lisbon the loss of life was far greater than there is any reason to fear that it was in South America last month; but the devastation of the Portuguese city was free from some of the peculiar horrors which accompany this later visitation. Here we have three republics almost literally whelmed in ruins. The shock extended over nearly four degrees of latitude, and it is said that at least twenty towns and cities have been utterly demolished—utterly, we mean, in the strict and literal sense of the word, so that they afford no longer a dwelling-place for man. The loss of life is estimated at over 300,000, and the loss of property is placed by the Peruvian Government at $300,000,000, in which we suppose no account is made of the damages in Chili and Ecuador. The first reports in such cases are generally exaggerated, and the appalling stories which reached us yesterday may be modified by the next mail; but it is certain that half the west coast of South America is mourning, and that the disaster is such a one as this hemisphere has never before known.—*N. RIVER NEWS.

The river is again receding slowly at this point with eight and a half feet in the channel by the Monongahela pier mark last evening. Both the Allegheny and Monongahela rivers are reported falling above. The weather yesterday was cloudy and clear at short intervals, and upon the whole, the indications were favorable for more rain.

The J. N. McCullough and New State, from Cincinnati, arrived. The McCullough had an excellent trip, including, among other items, considerable metal and hay.

The Armenia and Armadillo left for St. Louis with very good trips, and each of them, doubtless, had engagements below.

The R. C. Gray, from Cincinnati, is among the first boats due.

The J. N. McCullough, in command of Capt. Dan. Moore, is the regular packet for Cincinnati to-day, leaving promptly at noon. This splendid side-wheel steamer offers superior inducement to passengers, and, as such, we commend her to the travelling public. Mr. A. C. McConnell, a very clever and affable gentleman, has charge of the office. Remember the McCullough leaves on time.

Capt. T. Jeff De Camps, an old and highly esteemed steamboatman, died suddenly at Parkersburg, on Sunday, last of apoplexy. Capt. De Camps was well known here, and some twenty-five or thirty years since he had command of the Neptune. Of late years he has been agent for Capt. Booth's line of barges at Parkersburg, where he has resided for some years. He was about fifty-nine years of age, and leaves a family to mourn his sudden demise. Peace to his ashes.

The Grey Eagle in good repair and tiptop condition for business, will leave on her first trip this season to Parkersbugh, to-day. Capt. C. L. Brennan, still retains command. She will leave again on Saturday at the same hour.

The wharf improvement has been delayed somewhat by the recent bad weather, but a strong force is now engaged and it will be pushed forward to a speedy completion.

The tow boats Simpson Horner, Mary Alice, and Stella departed for New Orleans yesterday, each having six boats in tow containing one hundred and twenty-eight thousand bushels of coal. These three boats took in the aggregate three hundred and sixty thousand bushels of coal.

But twenty-three inches reported the Allegheny at Oil City to-day, and falling.

Capt. Hugh Campbell announces the Mary Davage Barges for St Louis.

The Minnie from St. Louis and America from Memphis, arrived at Cincinnati on Sunday, and the New York and Silver Cloud were advertised to leave there for Pittsburgh on Monday.

The tow boat Sam Brown was to have left Cairo for Pittsburgh on Sunday night with two barges of iron ore.

Capt. Poe, at last accounts, was thinking of loading the America at Cincinnati for Nashville.

Capt. Murdoch, clerk of the America was very sick of billious fever during her recent trip from Cincinnati to Memphis and return. At last accounts he was better.

—The hull of the Ohio No. 4, intended for a Cincinnati and Marietta packet, is ready to be launched at Harmar.

—The Memphis *Avalanche* says that the Cincinnati and Pittsburgh boats will weigh out passengers' rations this season.

—The Jewess, from Montgomery, arrived at Mobile on the 9th, with 207 bales new cotton. Two hundred bales new cotton were received at Montgomery last Wednesday.

—Capt. Hurd, of Cairo, just from a cruise through Tennessee, says the cotton crop is very fine. Madison County will yield over 20,000 bales, and Gibson and Dyer Counties each 10,000.

—Competition in the Memphis and White River trade has reduced passage to Little Rock to low figures. Passengers were taken from Memphis to Little Rock, the other day, for $5 and $8.

—The hull and machinery of the Leclaire No. 2, sunk at Brandenburg about a year ago, was towed up to Portland on Saturday morning. Captain Tom. Ballard, who purchased the wreck, intends to rebuild the boat.

—The hull of Captain Henry Scott's new steamer Wabash was launched from Cavender's shipyard, at Evansville, Saturday afternoon, in presence of a large concourse of people. The boat is 123 feet long, 29 feet beam, and 4½ feet hold.

—The Louisville *Democrat* gives the following hint: The merchants and shippers of this city are getting used to being disappointed by a certain class of steamboatmen, and doing all their shipping by rail. The cars start when they are ordered to go. They are never unavoidably detained on account of weather, &c.

—Geo. Clinton and Andy Lytle, well-known steamboat mates, in an affray, in Newport, Ky., Saturday night, cut the bowels out of a man named Cofer, residing in Dayton, Ky., Cofer will not recover. Clinton and Lytle were arrested, and released on a writ of *habeas corpus*, when they left for parts unknown.

—A St. Louis telegram, under date of Sunday, says: River failing slowly, with 7 feet of water to Cairo and about 5 feet to Keokuk. A heavy rain fell here Saturday evening, lasting three hours. Rains also continue to fall west and north of here, and a fair stage of water is expected for some time. Weather to-day clear and cooler. Business to all points very good. The warehouses north are overflowing with grain, and complaints are made that there is not tunnage enough to move it.

—We clip the following from the St. Louis *Democrat*: Capt. J. N. Shunk has come round from Cincinnati to look after his steamer, the big stern-wheeler Louisville. He intends to load her next week for New Orleans.........Captain John A. Williams has his Importer, and she pleases him mightily. She sits nicely on the water, is wonderfully light draught, graceful and commodious; to be brief, she is a love of a boat. She will shortly speed southward, making herself a name and her owners a fortune.

—The Cincinnati *Commercial* says: A consolidation of some three of our local insurance companies is about perfected, and a well-known merchant and steamboat owner is generally named as the manager of the consolidation The plan is to keep up the district organization of the companies, with nominal presidents receiving no salaries, with one secretary for all the companies, and the three companies to not issue separate, but joint policies. The manager above spoken of is to have the entire direction of all the business of the companies uniting in the consolidation.

GREAT are the Democracy on Daboll! They were always good at Subtraction, tho' very backward in Division. But, since the Vermont election, they have soared into the mysterious realm of the Rule of Three, and are cyphering very furiously at Ratios and Proportions. One of their journals before us concludes an elaborate article, prepared for the express purpose of letting the party down easily under the anticipated disaster in Maine, with a "table of averages" of the votes of that State for the past four years, as follows:

Average Democratic vote	42,587
Average Radical vote	62,957
Average Radical Majority	20,370
Average total vote	105,545

It is entirely unnecessary to scrutinize the accuracy of these figures. They are probably erroneous, but it suits our present purpose to adopt them for comparison with the actual result. This is estimated at 53,000 Democratic, and 75,000 Union—a Democratic increase of 10,500 and a Republican gain of over 12,000!

Vermont has kept these arithmeticians hard at work for ten days, upon one or two very simple questions. But if they attempt the solution of the Maine problem, we fear they will figure themselves and their Presidential candidate into a lunatic asylum before November.

THE DEMOCRATIC PARTY may shoulder the entire responsibility for giving "one currency to the people and another to the bond-holder." When the first proposition, for an issue of $150,000,000 in legal tender notes was pending in Congress in February, 1862, these notes were made a legal tender for all debts public and private, and the bill so passed the House, all the Democratic members but six voting against it in that shape. The Senate amended the bill, excepting from its operation the interest upon bonds and notes, making this payable in coin. When sent back to the House, the amendment was concurred in, only two Democrats voting against it, while forty-five Democrats, including five of the Pennsylvania delegation, voted for it. The affirmative vote was forty-five Democrats and forty-three Republicans; the negatives were fifty-five Republicans and two Democrats. Thus a majority of the Republicans favored a currency for all, while every Democrat but two opposed it. Had these gentlemen voted then as they talk now, the notes would have been made a legal tender for *all* debts, public and private, by the decisive majority of 92 against 43—a majority so decisive that the concurrence of the Senate must inevitably have followed, and "one currency for all alike" would now be the law.

So much for Democratic consistency!

MAINE.

The people of Maine have, within the past twelve years, voted as follows:

	Rep.	Dem.	Total Vote.	Maj.
1856—President....	67,179	39,089	106,269	28,099
1860—Governor....	69,469	51,378	120,847	18,091
" President....	62,811	38,107	100,918	24,704
1861—Governor...	57,475	40,482	97,957	16,995
1862— "	45,534	39,509	85,043	6,025
1863— "	68,299	50,853	119,152	17,446
1864— "	65,583	46,463	111,987	19,189
" —President....	68,114	46,992	115,106	21,122
1865—Governor....	54,430	31,609	86,039	22,821
1866— "	69,716	41,849	111,565	27,867
1867— "	57,649	46,035	103,684	11,614

It is believed that in the election last Monday the total vote must have reached 128,000, of which not over 53,000 is the highest estimate for the Democracy. The latest report of the result places the Republican majority as high as twenty-five thousand, but whether this be due to a still larger increase in the poll, or to a diminution of the estimated Democratic strength, does not yet appear.

The Republicans have now carried every Congressional District, every county, every Senator, and seven-eighths of the Representatives. They have done this in the teeth of a larger Democratic vote than ever before given, accomplishing it mainly by virtue of getting every Republican voter to the polls. The increase of population, and correspondingly of votes, since 1860, cannot exceed seven per cent. which was the ratio of increase for the entire decade preceding 1860. This would give a total vote now of about 128,000 or 129,009, corresponding to the figures actually reported. Twice before, in 1860 and 1863, the Democrats have cast over 50,000 votes, and it is very probable that the total of 1860—51,378—will not be much exceeded now. If that be the case, at least 3,000 votes are now changed from Democracy to the side of the Union.

The total vote now cast is some 9,000 greater than ever given before—not an increase of 16,000, as we were led to state it yesterday. The votes of 1860 and 1864 each show the Presidential majority to be increased over that for Governor in the preceding month, and justify the confident expectation that the 25,000 of September now will be at least 30,000 for GRANT in November. As the Democratic journals conceded, before the election, that we might begin to count our gains beyond 21,000, demanding that we must reach that figure to hold our own, they should, in common decency, now abandon any effort to cypher us out of this gain of three or four thousand shown by their own figures. Said PENDLETON, in his speech to the Democracy at Bangor, exhorting them to send the prestige of victory to their friends in the West:

> "The eyes of the whole country are upon you. You will fight the first battle of the campaign. If you win it—even if you improve upon the result of the last year—you will give us a prestige of victory which will thrill the country with hope and confidence, and we will carry the Presidential election."
>
> "Then Seymour will be elected, and the shouts of your rejoicing will be as a sign to us from Heaven, as when, of old, the angelic choir announced to the shepherds in the field, 'Peace on earth, good will to men.'"

Angelic choir! There's richness for you! How angelic they feel, just now! The "gentle cherubs" of Democracy are gnashing their teeth in the outer darkness, and no one but GRANT can give them the Peace they desire.

One word more to our friends! The glorious triumph in Maine comes from a *full vote*, and for that, in turn, we are indebted to *work*. Let the Union men of Pennsylvania achieve the same results in the same way!

THE NEW REBELLION.

Some months ago Major General FRANCIS P. BLAIR conceived the idea of becoming the Democratic candidate for President. He aimed high, meaning to accept, if he could do no better, the position next below the most elevated, trusting to the efficacy of Democratic tactics afterwards to advance a step and attain the summit at his ambition. He revolved the matter thoroughly in his own mind—consulted with such of his friends as were familiar with the innermost principles and sentiments of the Democratic party, and then, on the 30th of June last, made his famous overture in a letter to Mr. BRODHEAD, which contained these paragraphs:

> "There is but one way to restore the Government and the Constitution, and that is *for the President to declare these acts null and void, compel the army to undo its usurpation at the South, disperse the carpet-bag State Governments, allow the white people to re-organize their own governments and elect Senators and Representatives.* The House of Representatives will contain a majority of Democrats from the North, and they will admit the representatives elected by the white people of the South, and, with the co-operation of the President, it will not be difficult to COMPEL THE SENATE to submit once more to the obligations of the Constitution. It will not be able to withstand the public judgment, if distinctly invoked and clearly expressed on this fundamental issue, and it is the sure way to avoid all future strife to put the issue plainly to the country.
>
> "I repeat that this is the real and only question which we should allow to control us: Shall we submit to the usurpations by which the Government has been overthrown, or shall we exert ourselves for its full and complete restoration? *It is idle to talk of bonds, greenbacks, gold, the public faith and the public credit.* What can a Democratic President do in regard to any of these, with a Congress in both branches controlled by the carpet-baggers and their allies? He will be powerless to stop the supplies by which idle negroes are organized into political clubs, by which an army is maintained to protect these vagabonds in their outrages upon the ballot. These, and things like these, eat up the revenues and resources of the Government, destroy its credit, and make the difference between gold and greenbacks. We must restore the Constitution before we can restore the finances, and to do this we must have a President who will execute the will of the people by trampling into the dust the usurpations of Congress known as the Reconstruction acts. *I wish to stand before the Convention upon this issue*, but it is one which embraces everything else that is of value in its large and comprehensive results. *It is the one thing that includes all that is worth a contest*, and without it there is nothing that gives dignity, honor, or value to the struggle."

In private, throughout the western counties of Pennsylvania, the Democratic leaders have found it politic to deny that Mr. BLAIR ever wrote the letter from which we have quoted. In public, not one of them has ventured upon this averment. If this letter was apochryphal the nomination of its reputed author by the New York Convention would stand the most anomalous fact in the political history of the country; an event without a cause; a phenomenon beyond the possibility of explication. We do not wonder, in view of the effect produced by it at the North, that Democratic leaders desire to consign this letter to oblivion, or to create the impression that it is a malicious invention of the Republicans; but they will accomplish neither of these ends.

Why did Mr. BLAIR write this letter, invoking a fresh appeal to the arbitrament of arms? Did he do it simply because of the extravagance, wildness and desperation of his own nature? or, because he judged correctly what tones and propositions would awaken heartiest responses among the Democrats? It does not matter how these questions are answered. The violence was in his utterances, and found instant and intense sympathy among Democrats of all grades, North as well as South. A few days later he was nominated by them to the Vice Presidency; and thus a solemn warning was given to Mr. SEYMOUR that, in case of his election, if he should fail to adopt the programme of his associate on the ticket, he might prepare to encounter the fate of HARRISON, TAYLOR and LINCOLN. Are not the Ku-Klux instruments of Democratic vengeance?

But, significant as was the nomination of Mr. BLAIR, the New York Convention did not rest content with that consummation. It saw proper to incorporate into its platform a plea for, and justification of, the extreme measures of which he was the exponent. Upon deliberation, and in the most formal manner, it said:

> "We regard the reconstruction acts of Congress, so called, as usurpations, unconstitutional, revolutionary and void."

If these words had been employed in the heat of extemporaneous discourse, by a half-drunken stump orator, they might have been allowed to pass as undeserving of serious consideration; as froth engendered by the agitation of unwholesome waters. No such extenuation can be urged for them. They were carefully selected by eminent and thoughtful men, drawn from all parts of the republic, and acting in a representative capacity, under circumstances of peculiar responsibility. They must be taken as indicating a matured judgment and a fixed resolve. They are the courtly and solemn expression of Mr. BLAIR's flippancy and vehemence. What he set forth in rough and unstudied phraseology, the Convention concentrated and polished into a terse and sonorous period. He and the Convention were of one mind and spirit.

No sane man will contend that acts of Congress which are clearly "usurpations, unconstitutional, revolutionary and void," have any binding moral or legal effect upon citizens. Nor will it be maintained that when the majority of the citizens are of that opinion they are under obligation to wait the slow and doubtful process of judicial interpretation and decision. Their right in the premises corresponds to their power, and they may elect the short but perilous instrumentality of force, with the risk of anarchy, and all the possibilities of monarchy which follow in the train of anarchy. This is what Mr. BLAIR advised, and what the Convention applauded and endorsed.

The avowed eagerness of this Convention, made up largely of Southern leaders in the Rebellion and of Northern sympathizers with the revolt, to assert the supremacy of the Constitution, and to enforce obedience thereto, would be ludicrous if it did not involve momentous contingencies. It was the Constitution that the rebels hated, renounced, made war upon, and endeavored to destroy. They commenced their crusade against it craftily, attempting to subject it to such interpretations as would emasculate it of all vitality; as would enable them to do under it all they desired to accomplish in despite of it. Failing in that, they fanned the passions of the people into a consuming flame, levying gigantic war against the Constitution and all who had the manhood to defend it. Beaten, compelled to surrender and accept the mercy of their conquerors, they now pretend to be animated by a furious zeal for the Constitution; by a chivalric purpose to stand forth as its defenders from all encroachments, masked or overt.

There is no sincerity in these professions. In the nature of things there cannot be. What these men are really after is not the submission of the whole people to the operation of the Constitution, but a pretext for a fresh revolt that shall be bloodier than the former one.

This will more clearly appear when a proper conception is attained of the form and essense of the "reconstruction acts" which are so truculently denounced. Congress has, indeed, passed certain acts for reorganizing the States which participated in the rebellion; but these acts are necessarily transient in their operation. Seven of those States are already restored, and are now under the Constitution as aforetime. The remaining three States will soon be restored. All that will then exist, in force and of consequence, of the Reconstruction measures, will by the Thirteenth and Fourteenth Amendments to the Constitution, which are permanent as any other portions of the organic law. By the Thirteenth amendment, the abolition of slavery, originally decreed by military power and as a necessity of the war, is legalized. By it, the Constitution was brought into harmony with the Declaration of Independence. By the Fourteenth Amendment the political and personal rights of all classes of citizens are guarantied, the existing public debt made sacred, as well as all future debts contracted for the defence of the Union, and the payment of bounties and pensions to soldiers and sailors declared to be inviolable. These are the "Reconstruction Acts" which gall the Democratic leaders, and against which they revolt. In venturing this broad assertion, we do not forget that the Convention in the exordium to its platform, was careful to protest that it stood

> "Upon the Constitution as the foundation and limitation of the powers of the Government, and the guarantee of the liberty of the citizen, and recognized the questions of slavery and secession as having been settled for all time to come by the Southern States in Constitutional Conventions assembled, and never to be renewed or agitated."

These concessions must be interpreted in the light of what follows after. If the Constitutional Conventions held in the Southern States were competent so to accept the abolition of slavery as to bind not only their respective States, but both political parties in all portions of the Union, they were valid bodies for all other purposes within their recognized spheres of action, and to pronounce the temporary acts of Congress under which they were held to be "usurpations, unconstitutional, revolutionary and void," was not only unjust, but incendiary and treasonable. We are consequently shut up to the necessity of regarding this exordium as intentionally misleading; designed to pacify unquiet Democrats, but not to bind the party in case it should accede to the administration of the government. Interpreting the Platform by itself, by the testimony of those who were concerned in framing it, and by the history and traditions of the party for which it speaks, the conviction is irresistible that it pledges the Democrats to a fresh career of violence and disorder in case they shall elect SEYMOUR and BLAIR.

OUR CONGRESSIONAL NOMINATIONS.

Col. O. J. DICKEY has been nominated by the Republicans of the IXth, or Lancaster District, to succeed the late THADDEUS STEVENS, both for the unexpired term of the present and for the full term of the next or XLIst Congress. Col. DICKEY "is the son of Hon. John DICKEY, who served in two Congresses as a Representative for the Beaver District, and died in 1853. He went to Lancaster in 1845, and began the study of law in the office of THADDEUS STEVENS. When admitted to the bar he entered at once into a lucrative practice. A few years ago he served a term as District Attorney of the county. He is about forty-three years of age, a firm Radical, and a forcible speaker."

The Republican ticket is now complete throughout the State, except that in the XIth District the nomination of Mr. KALBFUS, not yet pronounced by the Conferees, is nevertheless, regarded as most probable. The Democratic tickets have still two vacancies, in the IXth and XVIIIth Districts; when completed we will print their entire list. Our own nominations are as follows by districts, renominations being marked with an asterisk:

I	B. L. Berry.	XIII	*Ulysses Mercur.
II	*Chas O'Neill.	XIV	J. B. Packer.
III	*Leonard Myers.	XV	Samuel Small.

THE LEGISLATURE of Tennessee having passed the Militia bill, Gov. BROWNLOW will organize and call it into action if needed. In view of this fact, as well as of the unflinching determination of the loyal majority in that State, that the preservation of peace and of submission to the laws shall be secured at whatever cost, the President tardily and reluctantly yielded his own personally bitter partizan sympathies with the rebels, and gave the requisite instructions to Gen. THOMAS to co-operate heartily with the State authorities. It is said that Mr. JOHNSON argued stubbornly against this, protesting long and earnestly against any Federal intervention, but yielded at last when assured by the Committee that the people of Tennessee would hold him strictly accountable for the untoward consequences of his refusal. It is fair also to presume that the voice of Vermont, Colorado and New Mexico, enforced by the clearly foreshadowed sentiment of Maine, have had their salutary effect in warning the President of the peril of being himself engulphed in the great Tidal Wave of National Sentiment in 1868. Now that Maine has spoken, and to the purpose, ANDREW JOHNSON's respect for the Representatives of the people will be marked still more decidedly. Upon any favorable estimate of the chances, he is capable of any political *coup d'etat*; but when he sees that the people are really in earnest, he will always get out of their way if he can. Hence, his latest stand in behalf of Law and Order in Tennessee, and in tha direction his administration is likely to drift for the residue of his term.

THE COURTS.

United States District Court.

[Before Judge McCandless.]

Upon the opening of the Court yesterday morning the cases of the United States vs. 138 barrels of cut and dry tobacco, and the United States vs. fifty barrels of the same, owned by J. K. Taylor, which were consolidated, were resumed, and have not yet been concluded.

In consequence of the illness of Mr. Hampton, counsel for defendants in the cases of the United States vs Robert and Thomas Woods and Adam Cosgrave, were continued until the October term.

In the bankruptcy branch the following petitions for final discharge were filed: Geo. Apsley, Wm. E. Hill and Moses A. Sample, of Clinton county; R. H. Archer, Frank D. Rhoads, Samuel S. Rhoads, Geo. Worthington and Thos. A. Weaver, of Lycoming county; Phillip Nast and Louis M. Auerbach, Tioga county; Squire Hall, Venango county.

District Court.

[Before Judge Hampton.]

William Magill vs. John B. McGrew, action to recover rent from the security of a defaulting tenant. On trial.

PRELIMINARY INJUNCTION GRANTED.

J. Charles Dicken, Esq., presented a petition from Thomas B. Rice and Joseph S. Reed, asking for an injunction against the City Engineer and Street Commissioner of Allegheny city, restraining them from taking possession of a piece of ground belonging to the petitioners in the Eighth ward, Allegheny city. The ground of the petitioners fronts on Bank Lane, which by an ordinance of the City Councils was lately ordered to be paved and curbed. It appears that ten feet of the lots named have been taken by the city and cut down for a public sidewalk. A preliminary injunction was granted and Thursday morning fixed for hearing the argument.

The following is the trial list for to-day:

No. 15. Mary J. Laughlin vs. Wm. Falkner.
No. 16. Wm. McKee & Co. vs. Schultz & Danner.
No. 22. Emil Le Roy vs. Wm. T. Wylie.
No. 26. Samuel and Margaret Brown vs. Cleveland and Pittsburgh Railroad.
No. 28. John Atchison vs. John Waldier.
No. 29. John Wolf, Jr. vs. Marine Oil Company.
No. 33. Michael Herron vs. Patterson, Neehaus and Pharo.
No. 34. John Graff vs. M. J. Spence.

Court of Quarter Sessions.

[Before Judge Mellon.]

The Court of Quarter Sessions met at the usual hour yesterday morning and disposed of the following business:

ASSAULT AND BATTERY CASES.

In the case of Peter Delaney, charged with committing an assault and battery on constable Murdoch, the jury found a verdict or not guilty, the prosecutor to pay three-fourths and defendant one-fourth of the costs.

Bernard Rooney was tried for committing an assault and battery upon Mrs. Eliza Cool. The jury found a verdict of not guilty, but directed the defendant to pay the costs.

John Teets was indicted for committing an assault and battery upon his sister, Mary Teets, on the 19th of June last. The jury convicted, and the defendant was sentenced to pay a fine of ten dollars and costs.

John Finney was charged with assault and battery upon George Grow. The parties reside at Natrona, and the assault was alleged to have been committed in a saloon at that place. The quarrel resulted from a political dicussion. The jury found a verdict of guilty. Finney was also charged with committing an assault and battery upon Wm. Fink, the assault being committed at the same time. The jury found a verdict of not guilty, and directed the prosecutor to pay the costs.

A POLICEMAN ON TRIAL.

The next case taken up was the Commonwealth vs. Matthew Keep, indicted for assault and battery. Mrs. Elizabeth Griffith prosecutrix. The defendant is Constable of the First ward. It appears from the testimony that on Sunday evening, July 12th, the prosecutrix was seen loitering about the door of defendant's house, evidently watching some one in a house on the opposite side, and that person appears to have been the prosecutrix's husband. Her actions were such as to induce Keep to order her away. She declined to go, and Keep came out, took hold of her and pushed her away. She testifies that he shoved her down two or three times, and told her he was an officer and if she did not go away he would arrest her. Jury out.

MOTION TO SET ASIDE.

J. N. McClowrey, Esq., made a motion to set aside the finding of the Grand Jury in the cases of Roberts vs. Kilrain, cross suits for assault and battery. It appears that in the first case which came before the Grand Jury a true bill was found and sent into court. Subsequently the cross suit came before them and the bill already found and sent in was obtained on application to court. The jury then reconsidered the first case and ignored both bills. When the bills were returned to court *ignoramus*, Mr. McClowrey, who was counsel for the prosecution in the case in which a true bill had been found, ojected to the proceedings. The motion was entertained and will come up for argument in due time.

Court adjourned.

HAPPINESS DEPENDS UPON GOOD DIGESTION.

"Weakness of the Stomach" is the source of more evils than were contained in Pandoras' Box. Debility, headache, nervous tremors, palpitation of the heart, and local pains innumerable, are its direct consequences. It obscures the intellect and gives birth to the most absurd and incoherent fancies; it capacitates a man for business, and renders persistent exertion next to impossible. Yet, strange to say, indigestion is the most neglected of all ailments. And this is the more extraordinary from the fact that an absolute, infallible specific for the disorder can be obtained in every city, town and village of the United States.

HOSTETTER'S STOMACH BITTERS takes as wide a range as the malady which it cures. It pervades every civilized portion of the Western Hemisphere, and its celebrity as a tonic and alterative is everywhere established. It is due to the common sense of the American public to say that the demand for it is immense, and continually on the increase; but still thousands continue to suffer from dyspepsia, with the great facts staring them in the face that a remedy for it exists, as it were, within arms-length of every sufferer. Such is the inconsistency of human nature! Day by day, however, the number of those who manifest this insane indifference to their own health and comfort diminishes, and the time will come, it is confidently believed when the disease will be expelled from the category of prevalent disorders by this incomparable alterative and restorative.

CHRONIC DISEASES OF THE EAR.

In observations and notes taken by Dr. KEYSER, of this city, on the various diseases of the ear, he says that nine out of ten cases could be cured in their incipiency if application were made to some responsible and competent aural surgeon. The Doctor quotes from the opinion of Wilde, a well known aural surgeon, who says: "I fear not to reiterate the assertion which I made on several former occasions, that if the disease of the ear were as well studied or understood by the generality of practitioners, and as early attended to as those of the eye, it would be found that they were just as much within the pale of scientific treatment. * * Deafness is so common and so distressing an infirmity, and when of long standing so incurable, that we cannot too strongly urge all medical practitioners to make themselves familiar with the treatment of the diseases of the ear."

The Doctor says that nearly all annoying Discharges, Buzzings and Morbid Growths peculiar to the organ of the hearing, some of which had lingered through a score or two of years, can be cured or ameliorated by proper treatment.

This Company, National in its character, offers, by reason of the Large Capital, Low Rates of Premium and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-Holders.

Several new and attractive tables are now presented which need only to be understood to prove acceptable to the public, such as INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, *an annual income equal to ten per cent.* (**10** *per cent.*) *of the par of his policy.* The latter the Company agrees to *return to the assured the total amount of money he has paid in, in addition to the amount of his policy.*

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Company.

FOUND.

That after repeated trials of other remedies, Roback's Stomach Bitters, Blood Purifier and Blood Pills are the best medicines extant to cure the diseases for which they are recommended.

Sold by all Druggists Everywhere.

PILES.

There is no medicine in use so efficacous as Dr. Roback's Blood Purifier and Blood Pills for the permanent cure of Blind or Bleeding Piles; they strike at the root of disease, thereby removing the cause.

Sold by all Druggists Everywhere.

TEMPERANCE.

There is, perhaps, no one thing that has done so much to promote the cause of temperance as that gentle stimulating tonic, Roback's Stomach Bitters; they strengthen and invigorate without producing the ill effects of alcoholic stimulants.

Sold by all Druggists Everywhere.

LIVER PILLS

Are Pills that have a direct and powerful action o the liver, and relieve any inactivity or congeste state of that all important organ upon which depedds the whole process of digestion. The importance, then, of procuring a Pill that shall have such direct action without the ill effects of mercury, is manifest to every one; such Pills are Roback's Blood Pills; they are warranted purely vegetable, and can with certainty be relied upon, and are safe at all times.

Sold by all Druggists Everywhere.

INDIGESTION

Is but another name for Dyspepsia, and the parent of many ills. Roback's Stomach Bitters taken in wine-glass-full doses, directly after each meal, will surely effect a permanent cure. Do not take our word for it, but try them.

Sold by all Druggists Everywhere.

NIGHT MARE

Is one of the many diseases of which Dyspepsia is the parent. To effect a cure persons should avoid hearty food at night, and take a wine-glass-full of Roback's Stomach Bitters on retiring to bed.

Sold by all Druggists Everywhere.

RENOVATE.

During the Spring months it is one of the regular household duties to renovate, and, in the multiplicity of other duties one's own self is, in a great measure, overlooked; thousands of valuable lives might be prolonged, and many doubtless saved from premature graves by thoroughly renovating the system with Dr. Roback's Blood Pills, Stomach Bitters and Blood Purifier.

Sold by all Druggists Everywhere.

MELANCHOLY

Is one of the many disorders of the nervous system, arising from a low state of the constitutional health or severe prostration after long continued sickness, and requires invigorating remedies like Roback's Stomach Bitters to restore the nerves to their natural vitality.

Sold by all Druggists Everywhere.

WHO SELLS THEM?

The Agents for the sale of ROBACK'S BLOOD PILLS, STOMACH BITTERS and BLOOD PURIFIER are all Druggists everywhere.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE,
TUESDAY, September, 15, 1868.

The tendency for gold seemed to be upward; the scarcity of gold materially assists the bull cliques, but the Maine election has defeated their efforts, and unless gold can be made so scarce as to command a premium on daily loans, quotations will be made lower. The large supply of exchange constantly pressed on the market, and the increasing shipments of cotton and cereals will have a tendency to gradually depress the premium.

In Government bonds a better feeling was manifested, yet the market is only sustained by the large short interest. The new bonds are rather scarcer, but besides the regular dealers, few buyers appear to be in the market, and large lots can not be sold at quotations; the older bonds are more neglected, and speculators are not dealing in them except in covering old contracts.

The stock market, although higher this evening, is without any outside support; the cliques alone put up prices to entrap outsiders from time to time to unload; the miscellaneous list is almost entirely neglected. In Express stocks there was a sharp rally yesterday, but the market today seems rather dull, and devoid of any interest. A party is now at work to create a short interest in these stocks in order to force parties to buy at high prices. The party enjoys great facilities because nearly the entire dealings in these shares are confined to one house, and it is easy for them to judge in what condition the market is. Money is easy; business inactive.

—The Chicago *Tribune*, of Monday, says: The business of the week closing to-day has been considerably diminished in comparison with last week by the want of confidence in prices of grain. Shippers have feared to take hold, and some who are usually the largest operators have done scarcely anything for the last three days. The unfavorable weather has also had an effect to prevent loading of vessels, and also to hinder the handling of grain in the country. Receipts of grain have not been so heavy during the last half of the week, and to that fact it is partially due that prices have not receded more. Merchants in all the goods trades have done an excellent business.

Money has worked easier in general during the latter part of the week, and though with some of the banks it has been very close, there has been no stringency. The currency movement to the country seems to have totally ceased for the present. Scarcely any of the banks have had orders from their country correspondents to-day, and all the banks have stopped ordering currency from New York.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTBURGH GAZETTEE,
TUESDAY, September 15, 1868.

CRUDE.

The Crude market opened up a little stronger for spot oil, and for a time an effort was made to establish a slight advance; at the opening it was held at 11¼c; subsequently it was offered at 11⅛c, but so far as we could learn, there were no buyers at anything over the even eleven cents, and there was not a single sale reported. For the last three months there were offers to sell at 11c, and buyers for October at 11c. We are cognizant of a sale having been made at Venango City at $4,15, which is equivalent to $4@$4,05, at Oil City. Upon the whole, the market, compared with yesterday, has undergone no quotable change, with the exception, already noted, that spot oil was held with more firmness.

REFINED.

The market for Refined was more active, the sales being larger than for some days previous, aggregating nine thousand five hundred barrels, while prices have undergone no quotable change. Sale of 1,000 bbls, seller's option, next three months, at 27½; 1,000 bbls, same option, next six months, at 27; 500 each September to December at 29; 500 each October to December at 29¼; 500 last half September at 29¼; 1,000 do do at 29⅛; 500 do at 29¼; 500 do at 29⅛. As will be seen from the above, any delivery between now and January 1st, may be quoted at 29 to 29¼. We hear of some Wrstern orders having come to hand, and by proper effort, there is no reason why Pittsburgh should not enjoy a good Western trade this fall.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
TUESDAY, September 15, 1868.

The general markets are quiet but steady, with a fair volume of business in the aggregate. For most of the leading articles, particularly Flour, the demand is restricted mainly to supplying the immediate wants of the local trade, and, as a consequence, we have but few round lot operations to record. Grain of all kinds is firm, though a still further decline in Wheat would create no surprise, in sympathy with the decline in the West. The Grocery trade is fairly active with an increased jobbing trade, consequent upon the resumption of navigation, and the same is true of Pittsburgh manufactures.

BUTTER—Is steady with a good local demand, and we can report regular sales at 35 to 40.

EGGS—In limited supply and in good demand, and fresh packed may be quoted firm at 22c.

CHEESE—Is unchanged at 15 to 16 for Western Reserve and Hamburg; 17 to 18 for Factory and Goshen and 20 to 21c for Sweitzer.

APPLES—Are not coming in very plentifully and with a steady demand, prices are well sustained, ranging from $3 to $4 per bbl.

POTATOES—Unchanged at $1,15 to $1,20 per bushel and $3,50 per bbl. Sweets are quoted firm at $7 for Baltimore's and $7,25 to $7,50 for Jerseys.

SEEDS—Sales of Timothy Seed at $3,50 to $3,75 per bushel, and Flax Seed, in the absence of sales, may be quotedat $2,30 to $2,35. No movement in Clover Seed.

HAY—Sales at Allegheny Diamond Scales of 52 loads at $25 to $38 per ton, showing an advance on prime.

GRAIN—Wheat is quiet and unchanged here, notwithstanding it continues to decline in the West: prime Red $2,05 to $2,10 and 3 to 5 cents higher for White. Barley is scarce and good to strictly prime, Spring is selling at $1,90 to $2. Oats unchanged at 65 on track and 68 to 70 in store. No sales of Corn reported; mixed is quoted at $1,14 to $1,15 and prime Yellow at $1,17 to $1,18. Rye is firm at $1,40 and but little offering.

MILL FEED—Is coming in more freely, and the recent rains having improved the pasture, the market is dull, and prices, although unchanged, are barely maintained. The mills still quote at $1,10 for Bran; $1,30 for Shipstuffs, and $2 for Middlings.

PROVISIONS—Bacon is steady, with regular jobbing sales at 14¼ to 14½c for Shoulders; 16½ to 16¾c for Ribbed, and 18½ to 18¾c for Clear Sides, and 22 to 22½c for Sugar Cured Hams. Prime kettle rendered Lard is firm at 20c, in tierces, and 22c, in kegs. Mess Pork, $30,50 to $31.

LARD OIL—Is firm but unchanged at $1,20 for No. 2, and $1,50 for No. 1.

FEATHERS—Live Geese Feathers may be quoted at 80c to the trade, and 85 to 90c, in a retail way.

FLOUR—The market continues dull, with a drooping tendency. Good to choice Spring Wheat brands are quoted at $9,50 to $10,25. The "Pearl" and "City Mills" continue to quote at $10,50 for Extra Family, in barrels, and $10,20, in sacks; Double Extra at $11, in barrels, and $10,70, in sacks. Rye Flour, $9.

WHISKY—Is fairly active and firm but unchanged; we continue to quote common rectified per gallon $1,25; half rye and half corn per gallon $1,75; old Monongahela rye, two years old, per gallon $2,25; old Monongahela rye, three years old, per gallon, $3,50; highwines per gallon $1,35.

New York Dry Goods Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, Sept. 15.—There continues a good demand for all description of goods, and especially for woolen goods of desirable makes and colors, and prices rule steady and firm. Cottons are in limited demand. Plain bleached and unbleached muslins irregular in prices, but not quotably lower. All lower priced and narrow classes of brown sheetings and sheetings are relatively higher than yard wide heavy goods, and the same is true in bleached muslins. That there are many classes of cotton goods selling below cost does not admit of doubt, while others are bringing good prices; consequently, until prices become equalized buyers find it necessary to require protection on everything they buy. Colored Cotton, all kinds are in light stock and firm. Silk goods are in good supply and more slowly, as prices are very high, owing to the high cost of production of stuff goods for ladies.

New York Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, September 15.- Beeves quiet, generally favoring purchasers; the average quality of offerings are fair to good; quotations ranged: extras $16,50; prime $16a25; fair to good $15a15,75; ordinary $14,50a15; inferior $11a13; receipts, 5,434 head. Milch Cows in good demand, prices ranging $40a110; receipts, 196. Veal Calves in good demand; prices firm; first quality $12; prime $11,00a11,50; common to good $9,50a10,50; inferior at $7,50a9; receipts 1,545. Sheep and Lambs active and prices steady at $4a7 for sheep, and $8,50a9 for lambs; reciepts 4,036. Swine quiet and firm at $11a11,25 for heavy corn fed; $10,50a10,87½ for fair to good; $10 for light to common; receipts 20,281.

Baltimore Market.

[By Telegraph to the Pittsburgh Gazette.]

BALTIMORE, September 15.—Flour unchanged. Wheat dull; prime to choice $2,25a2,50; inferior $1,75a1,90. Corn dull with white at $1,20a1,23. Oats unchanged. Rye dull at $1,40. Mess Pork unchanged. Bacon unchanged; rib sides 17c; clear do 17¼c; shoulders 14¼c; hams 22c. Lard unchanged.

Chicago Cattle Market.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, September 15.—Cattle dull and nominally unchanged. Hogs; choice fat, active and firm; common, dull and heavy; sales at $9a9,90 or common to medium, and $10a10,70 for good to prime. Receipts—1,096 head hogs. Shipments—1,408 head hogs.

LETTER FROM MRS. SWISSHELM.

Her Interview with the Wickedest Man in New York—Tenement Houses—Robbing the Poor to Benefit the Rich—The Record of Democracy in the Metropolis—The Five Points.

[Correspondence Pittsburgh Gazette.

BROOKLYN, N. Y., Sept. 9th, 1868.

I have had the hor or of an introduction to that interesting celebrity, "the wickedest man in New York," a most villainous looking scamp, and of escaping a similar honor of an introduction to his wife, a buxom woman in a black dress bespattered with green ribbons, which ran helter skelter over it, in that charming forked lightning fashion, in which many less distinguished women do so much delight. I have even passed through the residence of the lion of the hour, and feel that my achievements as a sight seer are complete. It is a miserable den, an old three-storied brick, with ceilings which almost touch one's head, and floors and stairs worn through with the trampling of the thousands of feet who have passed that way to a hopeless hereafter. Behind the little bar room, the old dancing hall has been supplied with a few benches and chairs, a table, some tracts and a vessel of ice water. Here a number of people were assembling for worship, respectable people who had been drawn from a distance by curiosity or a desire to do good, while the men of that reg'on crowded in the outer room and around the doorway, or lounged at other doors looking on, and the women lolled out of windows or sat on door steps and gaped. The meetings are matters of curiosity to them, and some good may come of them; but the missionary that is wanted in New York is the locomotive—a way to get out of the city in the evening and back to work in the morning. It is impossible for a man to work in the city and sleep out of it. It is a journey of an hour and a half from City Hall to a car drawn by steam, and a laboring man can neither afford the time nor expense of traveling back and forth to work. So they are piled into down town houses like maggots in a cheese. I visited one of the best model tenement houses, yesterday, and found sixty-six families on a lot 50x100 feet, giving a space of Earth's surface of a little over 9x8 feet square for each family. Not more than they are entitled to for graves. As I have said, this is one of the best tenement houses, for it has no tenements more than two feet below the surface. One part faces on a narrow street into which all the ashes and garbage is thrown, and the drainage into two wells, the contents of which must be carried through the main hall, thrown into night carts and carted miles across the city, to be dumped into a river. The wharf at one side of the city, built of a dump, has long since fallen into decay, so that high carts, from that side of the city, must pass clear across to the other, to reach a dumping wharf. In that city "The World" boasts that the Democratic majority is larger than the entire Republican vote! Democracy, which in the South denied to the laboring man the right to his own bones, in the North denies him pure air, sunshine and enough of the earth surface while living to bury him when dead. Democracy contracts to pay to their Democrats, Brown, Devoe and Knap, $498,500 a year in ten years for cleaning the streets. One year after said Democrats sell their contract for $200,000. They have saved enough to secure them airy churches, luxurious parlors, well kept grass plats, fast horses and elegant carriages, while the poor man wades to his little dark room through heaps of festering filth, sleeps in a fetid atmosphere and sees his children pine and die for want of pure air and sunshine! The reeking record which American Democracy has made for itself, in the City of New York, would surely be its death warrant, if it were not that so many thousands of its victims are unable to read. No eastern potentate ever concocted a more effective scheme of robbing the poor for the benefit of the rich, than that devised and being constantly executed by the Democratic government of the City of New York. Were it not for the Metropolitan Police and Board of Health, organized and sustained by the Republican government of the State, the city must, before this time, have been abandoned to theives, desperadoes, and prostitutes. As it is, these two Boards have long been engaged in a greatly unequal contest but are gradually and surely driving the enemy to the last ditch. The famous Five Points, whose sights and sounds of horror have been stamped on my memory for fifteen years, is now comparatively clean and decent. Then, I had an escort of a citizen and police officer, specially employed for that purpose, ere it was thought safe for me to go. Now any one can walk or ride through it without apprehension. We also rode back and forth through the streets in a district adjoining, where a mile square of closely built streets is principally given up to thieves and prostitutes, yet so admirable are the police arrangements that there was no offence to the sense of sight or smell. Fifteen years ago I saw women almost nude, some frightfully blotched with disease, some drunk and some apparently sober, uttering obscenities or practicing lewd attitudes in the reaking stench of the dirty streets. Democracy had everthing its own way. Now the spirit of freedom and progress, through the aid of a very powerful agent—our Republican organization—has compelled vice as ashamed to hide behind walls. The best police captains, and picked men of the force, are detailed for duty in these districts; and no braver or nobler body of men placed themselves between our Government and the Slave Power, in the first years of the rebellion, than that which now stands between Virtue and Vice on this old Island of Manhattan. Like the Army of the Republic, there are Democrats amongst them; but the power which organized and controls them is Republican. So, imperfect as that party is, and I think I have a not much higher opinion of it than Wendell Phillips himself, I can see, in the improvement here, in the difference between Democratic and Republican municipal governments elsewhere, and in the results of the war thus far, that it is the civilizer; and that on its success depends the immediate future of the upward progress of our race.

JANE G. SWISSHELM.

Died Among Strangers.

The Cincinnati *Commercial* of Friday contains the following account of an old man while on his way to this city:

Coroner Emmert was yesterday morning called upon to examine the case of William Grob, a passenger on the steamer Rob Roy, coming from Missouri and bound for Pittsburgh. The evidence showed that he had a son residing in Pennsylvania. The old man became weak, and was evidently sinking, after arriving at Cairo. He died suddenly between 3 and 4 o'clock yesterday morning. Every attention had been rendered him as to food and accommodations by the officers of the boat. One of the employes of the boat had given him water at 3 A. M., and found him dead before 5 o'clock. The deceased was eighty-seven years of age, and seemed greatly debilitated upon starting from St. Louis. The verdict of the jury was that the deceased came to his death from general debility and old age, every attention having been rendered him by the officers of the boat.

EN ROUTE WESTWARD.

[Correspondence of the Pittsburgh Gazette.]

TOM JASPER, MISSISSIPPI RIVER, }
September 10, 1868. }

I left Chicago yesterday and came down to Quincy on the Chicago, Burlington and Quincy Railroad, one of the best and most profitable roads in Illinois, and which runs the whole length through the best cultivated and apparently the most properous region I ever saw—the country was originally an almost unbroken prarie. We passed through many very pretty towns, of which I shall not speak particularly.

Quincy, on the east bank of the Mississippi, is a busy and growing city of from twenty-five to thirty thousand inhabitants. It has that peculiar air of freshness and good taste which marks nearly all the towns in this part of the country, and many of the new built business houses and dwellings are really very fine. The number of stores &c., and the bustle in the streets, indicate the extent and activity of its business. The city is set on—not exactly a hill—but a bluff, which rises some some fifty feet above the level of the river. This bluff is composed of a heavy stratum of magnesion lime-stone, deeply overlaid with drift. This stone, which is largely quarried, is a very superier building material, nearly as white as marble and decidedly prettier.

Nearly a mile above the compact and business portion of the city is the new railroad bridge over the Mississippi, which will unite the railroads on the east of the river, particularly the Chicago, Burlington & Quincy, with the Hannibal & St. Joseph road on the west side, and through the latter with the Kansas Pacific and other roads west of Missouri. It is a work of very great importance to the entire country north of the Ohio river, stretching from the Atlantic to the Pacific. This bridge is a massive iron structure resting upon tall and substantial piers, built of the stone above spoken of. The total length of the iron structure is 3,587 feet, divided as follows:

	feet.
Span over main channel between west abutment and draw	250
Draw, with pivot-tower in the middle	360
One span east of draw	250
Two spans, each 200 feet	400
Eleven " " 157 feet	1,727
Island, about ¼ mile across, roadway heavily em anked	
Bridge over channel east of the island, with a smaller draw	600
	3,587

The cost of this bridge was not much short of two millions of dollars. It is so nearly completed that trains will be running over in October. It is a single track railroad bridge only—no other kind of travel can pass over.

The bridge at Kansas City, over the Missouri, is progressing rapidly, and will be ready for the passage of trains in March next. That done, all the roads of 4 feet 8½ inches gauge east of the Mississippi will be put into connection with the Kansas Pacific road, heretofore known as "the Union Pacific Railway, Eastern Division," and also with the other new and far-reaching roads which diverge southward from it.

From Quincy I took passage on this elegant steamer, to run down to St. Louis, a distance of about 170 miles. This river, above the mouth of the Missouri, is so full of islands that it is only at rare intervals that both main shores can be seen at one time. In fact it looks as if it had torn the bottom lands all to pieces. The water is low, and no little twisting and turning is required to thread the tortuous channel. Below the mouth of the Missouri, which changes the whole character of the river, we have water enough.

SPECIAL NOTICES.

THE APPETITE FOR

Tobacco Destroyed!

Leave off Chewing and Smoking the Poisonous Weed, Tobacco.

One box of ORTON'S PREPARATION IS WARRANTED to destroy the appetite for tobacco in any person, no matter how strong the habit may be. IF IT FAILS IN ANY CASE THE MONEY WILL BE REFUNDED. It is almost impossible to break off from the use of tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted; with the help of the preparation there is not the least trouble. Hundreds have used it who are willing to bear witness to the fact that ORTON'S PREPARATION completely destroys the appetite for tobacco and leaves the person as free from any desire for it as before he commenced its use. It is perfectly safe and harmless in all cases. The Preparation acts directly upon the same glands and secretions affected by tobacco, and through these upon the blood, thoroughly cleansing the poison of tobacco from the system, and thus allaying the unnatural cravings of tobacco.

NO MORE HANKERING FOR TOBACCO AFTER USING ORTON'S PREPARATION! RECOLLECT IT IS WARRANTED. BEWARE OF COUNTERFEITS!

RECOMMENDATIONS.

The following are a few selected from the multitude of recommendations in our possession:

[From W. P. Heald, Esq., Bangor, Me.]

BANGOR, Me., April 24, 1868.

I hereby certify that I have used tobacco for thirty years past, and for the last fifteen years I have used two pounds per month. I have made attempts to leave off at different times. I have left off one year at a time, but always continued to hanker for it until I used Orton's Preparation, which has completely cured me of the appetite for tobacco. I would recommend all who are affected with this terrible habit to try the preparation, which will certainly cure it if the directions are followed.

W. P. HEALD.

[From E. W. Adkins, Knoxville, Tenn.]

KNOXVILLE, Tenn., August 5, 1867.

This is to certify that I had used tobacco to such an extent that my health had become greatly impaired, and my whole system deranged and broken down. In June, 1867, I purchased one box of Orton's Preparation, and after using it I found that I was completely cured. I have not had any hankering or desire for tobacco since using the preparation. I believe it to be all that it is recommended, and I would advise all who wish to quit the use of tobacco to try one box of Orton's Preparation.

E. W. ADKINS.

[From John Morrill, Bangor, Me.]

BANGOR, Me., March 24, 1868.

This is to certify that I have used tobacco for eighteen years; have tried many times to leave off, but have suffered so much from a dizziness in my head, and gnawing at my stomach, that I have soon given up the trial. A short time since a friend induced me to try Orton's Preparation (sold by you.) I have done so, and am completely cured. I did not in the least hanker after tobacco, either to smoke or chew, after I began to use the Preparation.

UNION PACIFIC RAILROAD.

700 MILES

OF THE

UNION PACIFIC RAILROAD

Are now finished and in operation. 160 miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

At the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of 12,800 acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and *no more*. The Government permits the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, car-shops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which OVER EIGHT MILLION DOLLARS have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount, ARE SECURE BEYOND ANY CONTINGENCY.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July, at the Company's Office, in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

The Company believe that these Bonds, at the present rate, are the cheapest in the market, and reserve the right to advance the price at any time.

Subscriptions will be received in Pittsburgh by

JAMES T. BRADY & Co., corner of Wood and Fourth Streets;
HART, CAUGHEY & Co., corner of Wood and Third Streets;
S. McCLEAN & CO., 75 Fourth Street;
PH. R. MERTZ, corner 5th and Wood Sts.;
ROBINSON BROS., 78 Fourth street;

AND IN NEW YORK

At the Company's Office, No. 20 Nassau Street, and by JOHN J. CISCO & SON, Bankers, No. 59 Wall Street, and by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices, or to any of the advertised agents.

Company A, Grant Hussars.—Members of this company can secure equipments at No. 111 Water street, between four and five P. M. to-day. They will muster at 6:45 at foot of Wood street for torchlight procession.

Fell in a Fit.—A man named Harley fell in a fit on Grant street yesterday morning. He was taken into Dr. L Oldshue's office and the proper remedies applied, which caused his restoration in a short time.

An Exhibition.—The handsome silver horn awarded to the Neptune Fire Company at the Sandusky tournament is on exhibition at Dunseath & Haslett's establishment, Fifth avenue. It is a beautiful affair and a remarkably fine piece of workmanship.

Damaged.—The Monongahela wharf improvements have been damaged very considerably by the rise in the river. The wharf logs are afloat and there is danger of the whole thing rising. The total damage thus far will not fall far short of one thousand dollars.

Meeting in the Eighth Ward.—A mass meeting of the Republicans will be held this evening at the corner of Fulton and Webster streets, under the auspices of the Seventh and Eighth wards Grand Club. J. M. Kirkpatrick and C. W. Robb, Esqs., will address the meeting.

Assault and Battery.—Louis Geust made information before the Mayor charging James Simons with assault and battery. He alleges that the accused struck him and knocked him down. He further states that Simmons threatened to kill him. A warrant was issued for the arrest of the accused.

Break Down.—Yesterday afternoon about three o'clock one of the axles of car No. 9, on the Birmingham Passenger Railway broke down on Smithfield street, near Third. The car was filled with passengers at the time, but no one was injured. It was moved to one side of the street, and the accident caused but little irregularity in the running of the other cars.

Cutting Affray at Stewartstown.—Monday night a cutting affray took place in Stewartstown, in which John Gift was seriously stabbed. It appears that a party of young men were drinking together, when a difficulty arose between Jacob Gift and his cousin Jacob Freyer. The latter drew a knife and struck at Gift, inflicting a severe wound on the abdomen. No arrest was made.

Collision.--A collision occurred on the Pennsylvania Railroad, near Cresson, Monday night, between two freight trains. The engines of both trains were considerably damaged and sixteen cars were thrown from the track and partially wrecked. It is stated that several persons were injured, but to what extent we have been unable to learn. The accident was caused by the carelessness of the switch tender.

Boy Shot.--On Sunday afternoon two boys, named respectively O'Neill and Collins, were playing in a metal yard on Third avenue, near Ferry street, when by some means a pistol in the hands of Collins went off, the ball lodging in the calf of O'Neill's leg. The injured boy is about ten years of age and the son of a widowed mother. Collins is fifteen or sixteen and is said to be demented. It is not known whether the shooting was accidental or intended.

Fatal Result.—We noticed about two weeks ago that Wesley Ringgold, a fireman on the Allegheny Valley Railroad, had one of his legs caught between two passing engines and so badly crushed as to render amputation necessary. Every attention was paid to the unfortunate man, but notwithstanding all that could be done, death ensued on Monday afternoon. W. H. Devore, undertaker, took charge of the remains and forwarded them to Altoona, the former home of the deceased.

Larceny of a Pocket-Book.—Mary Vick made information before the Mayor, yesterday, charging Oliver M'Cutcheon with larceny. It appears that the prosecutrix, while in an auction store on Fifth avenue, yesterday, had her pocket picked of a pocket-book containing seven dollars and fifty cents, and she alleges that M'Cutcheon was the only person near her after she entered the store. A warrant was issued for the arrest of the accused, but it is not probable that a case can be made out against him.

An Unruly Son.--John Vernon, Sr., made information before the Mayor yesterday, charging his son John Vernon, Jr., with assault and battery. He alleges that the accused threw a stone at him, striking him in the eye and knocking him down, and that he kicked him after he was down. If John, Jr., had been properly cared for, and trained in his youthful days, it is not probable that his father would have been under the necessity of making the above information. A warrant was issued for the arrest of the accused.

Committed for Trial.—Jane Reamer and Eliza Carlan, the women who were arrested on Monday, charged with picking Mrs. Rolfe's pocket, in Lynch's store, on Market street, had a hearing yesterday, and in default of the required bail for their appearance at Court, were committed to jail. It transpired on the investigation that the women have traveling companions with them, and the supposition is that they were met on the street by the men who were traveling with them and the pocketbook transferred to their keeping.

Died from a Rupture.—J. P. Leslie, of the firm of Hanlon & Leslie, painters, doing business on Market street, came to his death under the following circumstances: Monday afternoon he was engaged wrestling with one of his workmen, and in the struggle ruptured himself, from the effects of which he died yesterday afternoon at three o'clock. Mr. Leslie was well known here, and his untimely death will be mourned by a large circle of friends and acquaintances. His funeral will take place from his late residence on Arthur street. He leaves a wife and four children.

False Pretence.—Ludwig Keip made information before Justice Ammon yesterday charging Charles Kimple with obtaining money under false pretence. He alleges that some weeks since the accused came to him and stated that he had purchased a lot and had not money enough to pay for it. He wanted just fifty dollars, which the prosecutor gave him. A few days afterwards he ascertained that Kimple had obtained money in other places on the same plea, and had left for parts unknown. Sunday he returned, and yesterday he was arrested, and after a hearing, committed to jail in default of bail for his appearance at Court.

LABOR REFORM CONVENTION.

Nominations for Mayor, Controller and Treasurer -- Resolutions -- Slim Attendance and Lively Time.

Pursuant to published notice the delegates to the Labor Reform City Convention assembled last evening in Boilers' Hall, corner of Fifth avenue and Smithfield street, for the purpose of putting in nomination candidates for city offices at the ensuing municipal election.

The Convention was called to order at eight o'clock by Mr. George Baber, Chairman of the Labor Reform Executive Committee, who made a few remarks explanatory of the object of the meeting, and urging upon the delegates the importance of carefully and harmoniously conducting the proceedings that they might result in the selection of men who, if elected, would worthily discharge the duties of the offices which they are called to fill.

On motion of H. G. McCurry, a temporary organization was effected by designating George Baber, Esq., as President, and Samuel A. Steele as Secretary.

Mr. Wm. McLaughlin moved that a Committee on Permanent Organization be appointed.

Motion carried and Messrs. Wm. McLaughlin, J. M. Eakman and S. S. Lambert were appointed on said Committee.

On motion of Mr. Matthew Haddock, the Chairman appointed a Committee on Credentials, consisting of Mr. M. Haddock, J. Creaghan and B. A. McGinty.

The Committees then retired, and the delegates gave themselves up to recreation, conversation and canvassing for about three-quarters of an hour, when one of them, being tired of doing nothing in particular, arose and asked the Chairman for the report from the Committee on Permanent Organization.

The Chairman stated that the report had been handed in, but that it would not be proper to receive it until the report from the Committee on Credentials had been acted upon. This report having not been presented, the delegates subsided.

Another delegate then moved that the Committee on Credentials be discharged, and a new Committee be appointed. He wanted the Convention to get to business. That's what he had come for.

It was suggested that the Committee should have time to make their report, as it was no small job.

The motion being put it was lost, and delegate No. 2, placed *hors du combat*,

A few minutes later another impatient reformer, doubtless thinking the Committee needed reformation, jumped to his feet and moved that a Committee be appointed to wait upon the Committee on Credentials for their report, and if there was any dispute regarding contested seats or anything else, that another Committee be appointed to adjust all difficulties.

This motion, after considerable discussion, was adopted and the Committee appointed. Just as they arrived at the door of the room in which the Committee on Credentials were operating, the door swung on its hinges and that Committee appeared marching up in procession to a conspicuous position in front of the Chairman and with becoming dignity informed that official that they were ready to report.

All eyes were turned in the direction of the Chairman of the Committee, as he read their report, prefacing the reading, however, with the remark, that if the Committee had been let alone, the report would have been given a great deal sooner. The document accorded seats in the Convention to the following delegates:

First Ward—Geo. Baber, P. J. Higgins.
Third ward—Alex. Harly, J. C. Pafry.
Fourth ward—James Matson, Wm. McKee.
Fifth ward—Paul Braddock, John Walker.
Sixth ward—Thos. McGrath, H. B. McCurry.
Seventh ward—Wm. A. Laughlin, Wm. Spence.
Eighth ward—Samuel A. Steel, Ed. Cramer.
Ninth ward—(Contested.)
Tenth ward—(Contested.)
Eleventh ward—B. A. McGinty, J. M. Eakman.
Fourteenth ward—Mathew Haddock, D. Coyle.
Fifteenth ward—Edward Milligan, Jas. Smith.
Sixteenth ward N. S. McCauley, R. Dunn.
Seventeenth ward G. W. Clay, W. B. Kirby.
Eighteenth ward—John Dalzell, H. Werley.
Nineteenth ward—S. J. Gordon, Wm. Bright.
Twenty-third ward—Samuel S. Lambert, Wm. O'Brian.

The report was received and the Committee on Credentials, along with the Committee appointed to bring them in, discharged.

Mr. Higgins moved to appoint a Committee on Contested Seats. The motion was amended by making the decision of the Committee final, and adopted. Messrs. Coyle, Clay and Lambert were appointed said Committee.

While the Committee on Contested Seats were out, the report of the Committee on Permanent Organization was received, which was as follows:

President—George Baber.

Vice Presidents—B. A. McGinty and John Creaghan.

Secretary—Samuel A. Steele.

Mr. Higgins moved that the report be adopted.

Mr. McGrath stated that one of the gentlemen named in the report had his seat in the Convention contested, and he therefore moved to lay their report on the table until the appropriate Committee settled the case.

The remainder of the report was then adopted.

A delegate moved that business be proceeded with, but withdrew his motion when informed that the Committee on Contested Seats must first report, who had the right to engage in the said business. That important Committee now presented their report, awarding seats as follows:

Ninth ward—F. McGann, John Creaghan.

Tenth ward—B. F. McGrath, J. Frederick.

Twelfth ward—W. B. Reed, Matthew Green.

The report was adopted.

Mr. H. B. McCarry now thought it was time for the Convention to preceed to nominations, and made a motion to that effect, which received the approbation of the Convention and was carried.

A delegate suggested that it would be proper first to adopt the report of the Committee on permanent organization and ratify the selection of Mr. John Creaghan as one of the Vice Presidents.

It was suggested that the report had been adopted with the exception of that portion relating to Mr. Creaghan, which the report of the Committee on contested seats decided.

Mr. Creaghan now arose and gracefully, but emphatically declined the very high honor of occupying the position of Vice President of the Convention.

Mr. Creaghan's polite resignation was accepted.

Nominations for Mayor were now declared in order.

Mr. Haddock nominated James Blackmore.

John Creaghan nominated Thomas W. Wright.

Mr. McLaughlin said he was authorized to withdraw the name of Mr. Wright.

Mr. Creaghan wished to know his authority.

Mr. McLaughlin referred him to Mr. Wright, who was present.

Mr. Wright being thus appealed to, rose from among the visitors in the rear part of the hall and declined to be a candidate for the nomination.

Mr. Creaghan—I now nominate Charles Jeremy

Mr. Haddock—Mr. President, I had the floor before that man, and I now move that the nomination for Mayor close with the nomination of James Blackmore.

Mr. Haddock's motion was carried and the chair announced the nomination of Mr. Blackmore.

Mr. Creaghan—How is that Mr. President? Did you say that the nomination was unanimous?

Chair—No sir. I simply stated that Mr. Blackmore was the nominee.

A Delegate (furiously)—Mr. Chairman, the nomination was unanimous, and should be announced so.

Mr. Creaghan—Mr. President, it ain't so. I voted against him, and there are others who did the same thing. Don't announce it as unanimous, for it isn't,

Nominations for Controller were next in order.

Mr. P. H. Higgins nominated Thomas W. Wright.

Mr. Wright's nomination was made unanimous.

Mr. McCauley moved to proceed with the nomination of a treasurer. Carried.

Mr. McCauley nominated W. F. McBride and Mr. McGrath nominated J. S. Kirk.

Mr. McGinty wished to make a few remarks before this nomination was made. It was the most important one that would be made. If a judicious nomination was made it would help to strengthen the remainder of the ticket. Great caution should be used in the selection of a proper candidate, as it was well known that this was the point on which the ticket was expected to be strong. If it was carried the rest would be much easier.

Mr. M'Grath moved to appoint two tellers to receive the votes of the delegates by marking.

Mr. M'Cauley moved to amend by voting orally.

Mr. M'Grath considered that no amendment, and refused to accept it.

Mr. M'Cauley insisted that it was a proper amendment.

Mr. Higgins contended that every man had a right to vote as he pleased, and ought not to be forced into calling out for a candidate, so that everybody would know for whom he voted. He thought marking was the fairest way and ought to be adopted.

Mr. M'Cauley insisted on his amendment.

Mr. McGrath insisted on the original motion.

A delegate moved "that all them in favor of Mr. McCauley's plan will rise to their *feets*, and after they have voted all them in favor of Mr. McGrath's plan will rise to their feets and the question will be fixed,"

This motion was lost.

The marking now proceeded and was about finished, when a delegate asked if the —— ward delegation had voted. The Chairman stated that they had not handed in their credentials.

Delegate—"Why, Mr. President, I am told that they handed in the right papers at the desk."

A voice—"That's the paper we could'nt make out."

Secretary—Mr President I have a paper here which I can't make out. Perhaps that's it.

Cairman of Committee on Credentials—Yes, Mr. President, that paper was handed in to us but we couldn't make it out. The writing was so bad that we had to let it go.

1st Delegate—Well, let them vote, they are here.

Several voices—"Yes, never mind the paper, let them vote."

This was agreed to and "they", consisting of one man, marched up and recorded "their" vote, after which the teller announced the total vote as follows:

W. F. McBride..........19
J. S. Kirk..........13

On motion, Mr. McBride was declared the unanimous choice of the Convention for the office of City Treasurer.

A delegate now said: Mr. President, there is one thing we forgot. We ought to have had a Committee on Resolutions. I move that there be one appointed now. Carried, and Messrs. Gray, Lambert, McCurry and McGrath appointed said Committee.

A number of the delegates by this time had resolved to go home, and despite the solicitations of the Chairman they would go without hearing the resolutions read.

The Committee retired, and after a short absence reported as follows:

Resolved, That this Convention, composed of representations of the Labor Reform organization of the city of Pittsburgh, hereby reaffirm the importance to the workingmen of this city and county of maintaining the Labor Reform party, without regard to the political issues of either the Republican or Democratic party, but in harmony with the labor movement of the whole country, and in strict consistency with the great principles of that movement, as set forth in the platform of the National Labor Congress that met in Chicago, August 19th, 1867.

Resolved, That the Labor Reform party, composed, as it is, of citizens having opposite party antecedents, stands, independently, upon its own well defined principles, and, when co-operating with either of the old political parties in a local election, does so upon the distinct understanding that the existence of its own separate organization is not thereby to be compromised; and that such co-operation is never to be encouraged except when the principles of labor reform and the interests of the industrial classes can thereby be promoted.

Resolved, That all workingmen in the city of Pittsburgh are hereby earnestly urged to give the ticket nominated by this Convention an undivided support at the coming municipal election.

Resolved, That we recognize in Andrew Burtt a long tried and worthy champion of the principles of Labor Reform, and the rights and interests of the industrial classes, and as the Workingmen's and Citizens' Independent Candidate for Congress we commend him to the enthusiastic support of the people of this District.

Mr. Creaghan—Do the resolutions call for an undivided support of the ticket nominated?

Chairman—They do, if I have understood them.

Mr. Creaghan—Well, then, Mr. President, I resign my position as a member of the City Executive Committee of the Labor Reform Party. I'll not give my support to the whole of that ticket.

After some discussion Mr. Creaghan's resignation was accepted.

The resolutions were then adopted, and the Convention adjourned.

Alleged Embezzlement.

James Graham made information before the Mayor charging Adam Mulligan with embezzlement. The facts in the case, so far as we could ascertain, are as follows: In April last the parties by article of agreement entered into a partnership to conduct a grain and commission business, and have been conducting said business on Canal street until the present time. Recently Graham concluded to dissolve the partnership and go into business with another man, and without consulting Mulligan made arrangements for renting another store in which to conduct the same business with another partner. Mulligan learning his intentions consulted an attorney as to what he should do in the matter, stating that he believed Graham wanted to defraud him. It appears that Mulligan had charge of the books of the firm and attended to the office business, such as drawing checks, &c. He stated that there was not money enough in the bank belonging to the firm to reimburse him for what he had put in, and pay his share of the profits. His attorney advised him to draw out what money there was deposited and hold it until such time as he could get a fair settlement. He acted in accordance with this advice, and Graham, finding that he had checked the money out, made the information as stated.

It seems to us that the prosecutor has not got a very strong case. Being a partner and having charge of the books Mulligan had a perfect right to check money out of the bank, and so long as he did not abscond with it he committed no offense. Whether he has received a greater share of the funds of the firm than he was entitled to or not is a matter for the civil Courts and not for the criminal.

Fall and Winter Dry Goods.—New fall and winter goods in endless variety are now arriving at Bates & Bell's, No. 21 Fifth street. Ladies will find many new novelties to please and delight them in the way of dress goods, shawls and sacques. Call in and see for yourselves. The entire stock of summer goods is being closed out at most reasonable prices.

Allegheny City Temperance League.

A regular meeting of the Temperance League of Allegheny City was held last evening, September 15th, in the South Commons M. E. Church, President, Rev. E. E. Swift, of First Presbyterian Church, in the chair. W. G. Warren and G. W. Bradley, Secretaries.

The meeting opened with prayer. The following preamble and resolutions were read:

WHEREAS, The great spread of intemperance in Allegheny county calls upon all good men of all political parties and of Christians of all denominations to lay aside their adherence to party and make one united effort to stop the great tide of evil as it exists in our country.

And whereas, A great power is with the clergy of all churches, and the signs of the times demand that they call the attention of the people to the spread of intemperance with all its attendant evils, and that a day be set apart for all the clergy of these cities and throughout Allegheny county to appeal to the people, who have it in their power to give a check to this great evil; therefore be it

Resolved, By the Allegheny Temperance League, that we respectfully request of the clergy throughout Allegheny county that they preach temperance sermons on or before the 12th day of October next.

Remarks were made by Rev. Bell, Rev. Crowther and Messrs. Warren, Blair and others on the merits of the resolution, when it was passed unanimously.

On motion, the following persons were made Corresponding Secretaries, to correspond with all the leading temperance men throughout the county: Rev. Snyder, Rev. King, Dr. Collier, of Sharpsburg, Rev. Crowthers, of Rebecca Street Church, Rev. A. G. Kirk, Messrs. Freeborn and Crowthers, of Sandusky Street Church, and Rev. A. Milligan.

Resolved, That the Executive Committee hold out-door meetings as far as practicable, in view of furthering the claims of Mr. Isaac Charles, the Citizens' Temperance candidate for County Commissioner. Passed.

Resolved, That the League meet in Rebecca street Church next Tuesday evening. Passed.

On motion, adjourned, with benediction by Rev. Hickman.

Daring Robbery.

Notwithstanding the fact that within the last year the police force of the city has been increased to over double its former number, there never was a time when our city was so infested with robbers, burglars and pickpockets as during the last few months. This class of persons appear to have no fears whatever of being arrested and even commit their depredations in broad daylight on our principal business streets. Yesterday we published an account of a lady having her pocket picked, a watch stolen, and this morning we have to record a still bolder robbery than either of these.

Between ten and eleven o'clock yesterday morning Mr. Robert Sutton, a farmer residing in Chartiers township, went to the banking house of the National Trust Company, on Penn street, to deposit some money. He was standing at the counter, and had his money spread out in several piles, counting it. There were several persons in the room at the time, among others two strangers, one of whom was standing at the counter near Mr. S. while the other was just behind him. When Mr. Sutton had counted $1,150 the man standing behind him plucked his coat tail and called his attention to a one dollar bill, which was lying on the floor near his feet, and while Mr. S. stooped to pick it up the man who had been standing at his side picked up the $1,150 and both he and his confederate fled. Mr. S. repaired to the Mayor's office and made information, but the bold thief has not yet been captured.

Burglar Arrested.

About half past nine o'clock last night the watchman in Hay's Leather store, 102 Liberty street, heard some one working at the front door with a key, and secreting himself awaited the result of affairs. He had not long to wait however, until the door opened, and a man walked in. The watchman fired two shots at him but owing to his excitement his aim was unsteady and neither shot took effect. The report of the pistol attracted the attention of officers M'Donough and M'Ginnis, who hurried to the spot and found the burglar inside of the store. He made a desperate fight to get away, but the officers were too much for him, and putting the "nippers" on him took him to the lock-up. He was searched and a complete set of burglars' tools were found on his person. He is about forty-five years of age, a medium sized man and has gray hair and beard. He refuses to give his name.

Frightful Leap.

James McElroy, residing in McIntosh's court, near Anderson street, Fourth ward, Allegheny, jumped out of the window of his bedroom, in the third story, to the ground, breaking his back bone, fracturing his legs and severely injuring himself internally. The unfortunate man is unmarried, and resides with his widowed mother. He was a member of the Columbia Hook and Lader Co., and attended the tournament at Sandusky. On his return home he seemed to be suffering from the effects of excessive drinking, but on the evening in question seemed to be better, and retired to bed early. About two o'clock he was found on the pavement below by his friends, with the injuries as above stated. He is receiving medical attention, but the physician entertains no hope of his recovery.

Distressing Accident.

Yesterday morning, about half-past eight o'clock, three boys, sons of Thomas Neeley, Jacob Schuster and William Pear, living in Birmingham and employed in the box factory attached to Millingar's planing mill, got into a skiff and pushed out into the river for a ride. The river was high and the current strong, and in spite of the efforts of the boys the boat was carried down against some coal barges moored at one of the piers of the bridge, upset, and with the boys sucked under the barges. The boat came out again at the lower end but the bodies of the boys did not, and thus far all efforts to recover them have proved unavailing. The boys' ages ranged from twelve to fifteen years.

Public Reading.

The Rev. Wm. Evans, one of the most accomplished readers in this country, will give an entertainment in the Academy of Music, on Thursday evening, the 17th, consisting in part of selections from Dickens. It is said that his rendering is equal, if not superior, to that of the author himself. Mr. Evans has a voice of wonderful power and culture, and has attracted crowded houses in the principal cities in this country and in England. He has recently abandoned the Theatre and accepted Christianity, and is now the assistant pastor of the Second Methodist Church, Wylie street. The proceeds of this entertainment are to be applied to fitting up his parsonage in this city. The public should appreciate the cause and improve the opportunity of being pleased and doing good. Admission, 50 cents.

Base Ball.--The match game of Base Ball for the championship, between the Atlantics, of the Twelfth ward, and the Olympics, of Allegheny, took place at Union Park, yesterday afternoon, and was witnessed by a large concourse of spectators. The game was quite exciting throughout and very close, as is evinced by the score, which stood, at the close of the ninth inning, eighteen for the Olympics and sixteen for the Atlantics. The Atlantic boys, though beaten, intend trying it again, when they expect to reverse the result.

FALL GOODS.

New Styles at Popular Prices at J. W. Barker & Co's., No. 59 Market Street.

The sterling and ever reliable wholesale and retail dry goods house of Messrs. J. W. Barker & Co., No. 59 Market street, with the usual spirit of enterprise which has marked its successful career for many years past, has taken foremost rank amongst the establishments ready for the Fall trade, and present a splendid new stock of seasonable dry goods, at what may be rightly termed popular prices. The goods have been selected with great care, and will certainly please all tastes, being varied and rich in assortment. The styles which are to be in vogue during the coming season are very pretty and becoming, if we are to judge from the splendid specimens of goods we examined yesterday at the great emporium. In the proper departments will be found rich and elegant plain colored and fancy silks which are as fine as any ever opened in this city. In this line the firm has long and deservedly held a high place amongst silk purchasers, as they have ever studied to afford the widest range of selection, presenting as many different styles and patterns as can be found on the counters of A. T. Stewart, or any other leading dealer in the eastern cities. A splendid article of gros grain black silk will prove attractive to ladies. In other dress goods the same variety and selection is afforded. Every quality and shade of merinos, plain alpaccas, all colors fine striped plain and changeable poplins, plain wool delains of best quality and all colors, and dress goods of every known material will be found at Barker's. The shawl department has been stocked with all the freshest novelties. The bright plain long and square shawls, the ever popular Paisley long and square shawls, the black Thibet, long and square shawls, and other equally desirable makes, will be found in great variety and at prices, this season, which look much like old times. The cloak department is up to the requirement of the fine class of trade which has ever been directed towards this branch of the house. Some of the walking sacques, coats, cloaks and jackets in velvet cloth and silk are beautiful and will not fail to please the ladies. The cloth, cassimere and housekeeping departments are supplied to their fullest capacities for accommodation with goods, and throughout the commodious house the stock will be found full and complete. Retail patrons will find it their advantage to favor Barker & Co.'s with a purchasing visit, while dealers who buy to sell again will be equally well dealt with.

The Up-Town Dry Goods House of Conroy & Bell.

The day has gone past when it was necessary for our up town friends to come down into the lower parts of the city to make their purchases in the way of dry goods, embroideries, lace goods, and general trimmings and notions. With the growth of the city, new avenues of trade, rivalling the best of the old ones, have been made, and on them have been reared business houses equal in every respect to those immediately in the heart of the city which have so long held their sway. As a forcible illustration of the truth of this we have but to refer to the elegant, well stocked and fashionable first class dry goods emporium of Messrs. Conroy & Bell, corner of High and Wylie streets, The gentlemen having charge and proprietorship of this magnificent establishment are both well known to the business community, having long conducted a Fifth street house for the accommodation of the jobbing trade. They are familiar with every department of the trade, having both almost been raised in the business. Long identified with the trade, they understand fully where to buy in the East and how to sell to retail purchasers fully as well as most dry goods men in this end of the State. The house is an elegant structure of four stories, and every floor is furnished and stocked with goods of the most unique patterns and finest fabrics. The sales room on the first floor is the pink of neatness, and shows that the proprietors know how to keep goods, that buyers can in a moment see their beauties in the most favorable aspect. The stock is entirely new and fresh and embraces everything which a shopping lady may desire. The various departments are in charge of able and experienced clerks, who take much pleasure in showing goods to visitors, whether desirous of purchasing or not. We bespeak for Messrs. Conroy & Bell a large share of public patronage, knowing them to be eminently worthy the confidence and support of our friends. Their prices, owing to the fact that they have no extraordinary expenses to be made in profits off customers, will always be found as low if not lower than can be obtained elsewhere.
